What is ConnectSF?

ConnectSF is a multi-agency partnership to build an effective, equitable, and sustainable transportation system for San Francisco's future.

The 3 Phases of ConnectSF

- Phase 1: ***“What is the future of San Francisco as a place to live, work, and play in the next 30 and 50 years?”***
- Phase 2: ***“What do we need to get to our vision for the future? What are the implications for land use and transportation?”***
- Phase 3: ***Funding, Building and codifying the plans***

Transportation Needs Assessment

What are those needs? Where are those needs?

- Metrics by Vision Goals
- Transportation Performance (today vs. 2050)
- Analysis of metrics for each goal area
- Identify gaps in systemwide performance
- Complete by November 2018

Transportation Network Development

What mode(s) is (are) needed to achieve those needs?

- Metrics' used in corridor evaluation
- Identify corridors with gaps in system and/or metric performance
- Complete by December 2018

Transit Corridors Study

- Led by SFMTA
- Prop K request: \$420,000
- Develop next generation of transit projects
 - Explore transit corridor alignments and project concepts
 - Develop project descriptions and benefits
 - Assess storage and maintenance needs
 - Provide preliminary cost estimations
 - Prioritize projects
- Final report by July 2020

22nd St. Station Study

- Led by SF Planning
- Prop K request: \$160,000
- Serves the Pennsylvania Alignment:
 - Analyze and make recommendations for rebuilding or developing a new station at a preferred location
 - Coordinate with Transit Corridors and Streets & Freeways studies
 - Conceptual station designs
 - Cost estimates/Implementation Plan
- Final report by October 2020

Streets and Freeways Study

- Led by SFCTA
- Prop K request: \$150,000
- Develop next generation of major street and freeway related projects
 - Freeway Improvements
 - Managed Lanes
 - Pricing
 - Goods Movement and Urban Deliveries
 - Citywide Street Mission Statements
- Final report by December 2019
