SB 1418 Amended: 5/1/2014 pdf html	DeSaulnier D (Dist 7)	Vehicle weight fees: transportation bond debt service. Current law provides for the transfer of certain weight fee revenues to the Transportation Bond Direct Payment Account for direct payment of debt service on designated bonds, which are defined to be certain transportation general obligation bonds issued pursuant to Proposition 1B of 2006. Current law also provides for loans of weight fee revenues to the General Fund to the extent the revenues are not needed for bond debt service purposes, with the loans to be repaid when the revenues are later needed for those purposes, as specified. This bill would repeal these provisions, thereby retaining the weight fee revenues in the State Highway Account. The bill would make other conforming changes in that regard.	Senate Appropriations Suspense File	Watch	Originally, a Spot bill related to the CTC. Amended to require truck fees to be returned from General Fund to state and local road repairs. Prop 1B was approved by voters in 2006 as a state general obligation bond; however, in uncertain state budget ties, these fee revenues were transferred permanently to backfill General Fund costs to support the bonds. Would provide that the imposition, extension, or increase of a special tax by a local government for the purpose of providing funding for local transportation projects requires the approval of 55% of its voters voting on the proposition, if the proposition proposing the tax includes certain requirements. This measure would prohibit a local government from expending any revenues derived from a special transportation tax approved by 55% of the voters at any time prior to the completion of a statutorily identified capital project funded by revenues derived from another special tax of the same local government that was approved by a 2/3 vote. The measure would also make conforming and technical, nonsubstantive changes.	Senate Appropriations	Support - if Amended	This bill would give state voters the opportunity to reduce voter threshold from 2/3 to 55% for local transportation taxes. Amended to specify that funds from new tax cannot be expended prior to expiration of funds from a different tax previously approved. This was intended to be a Los Angeles County specific issue but instead was drafted to apply statewide.
