SAN FRANCISCO – Tilly Chang, Executive Director of the San Francisco County Transportation Authority, today issued the following statement following the passage of new revenue for pedestrian and bicycle safety, transit reliability, and traffic management citywide:

“The San Francisco County Transportation Authority joins with our partner agencies in thanking the voters of San Francisco and our city leaders for supporting much-needed investment in our city’s local and regional transportation system. With these funds, San Francisco can enhance pedestrian safety, increase transit efficiency and support housing and job growth in a sustainable manner. We look forward to continued collaboration with city agencies and the public to develop comprehensive funding strategies to realize our shared transportation vision.”
