

RESOLUTION ADOPTING THE SOMA FREEWAY RAMP INTERSECTION SAFETY STUDY PHASE 2 FINAL REPORT

WHEREAS, The purpose of the second phase of the SoMa Freeway Ramp Intersection Safety Study was to develop proposed improvements at ten freeway ramp intersections in the South of Market (SoMa) neighborhood with the goals of improving safety and access for all users, especially for the most vulnerable users; and

WHEREAS, All ten study intersections are located on San Francisco's Vision Zero High Injury Network, representing streets with disproportionately high rates of traffic injuries and fatalities; and

WHEREAS, The study recommends both near-term safety improvements and capital improvements that require more extensive reconstruction at each of the ten intersections; and

WHEREAS, The study recommendations are based on an analysis of collision histories at the study intersections, a toolbox of best practice design treatments, and input from community stakeholders; and

WHEREAS, The final report includes recommended implementation plans and potential funding sources to implement the proposed improvements as soon as possible; and

WHEREAS, At its June 26, 2019 meeting, the Citizens Advisory Committee considered and unanimously adopted a motion of support for the staff recommendation; now, therefore, be it

RESOLVED, That the Transportation Authority hereby adopts the enclosed SoMa Freeway Ramp Intersection Safety Study Phase 2 Final Report; and be it further

RESOLVED, That the Executive Director is hereby authorized to prepare the document for final publication and distribute the document to all relevant agencies and interested parties.
