

VAN NESS

IMPROVEMENT PROJECT

*Citizens Advisory Committee
San Francisco County Transportation Authority*

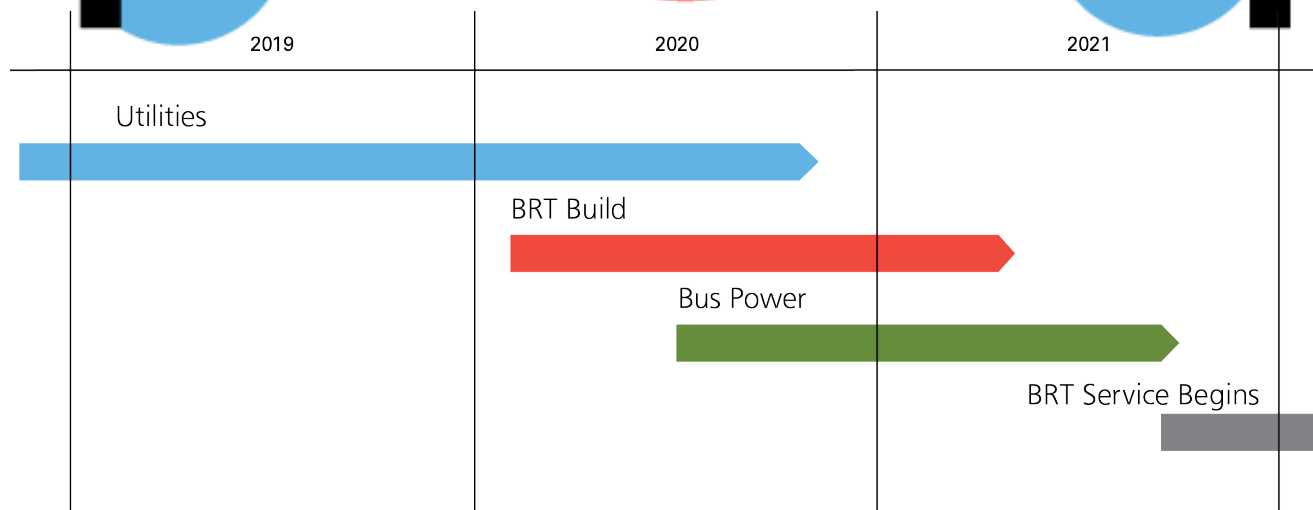

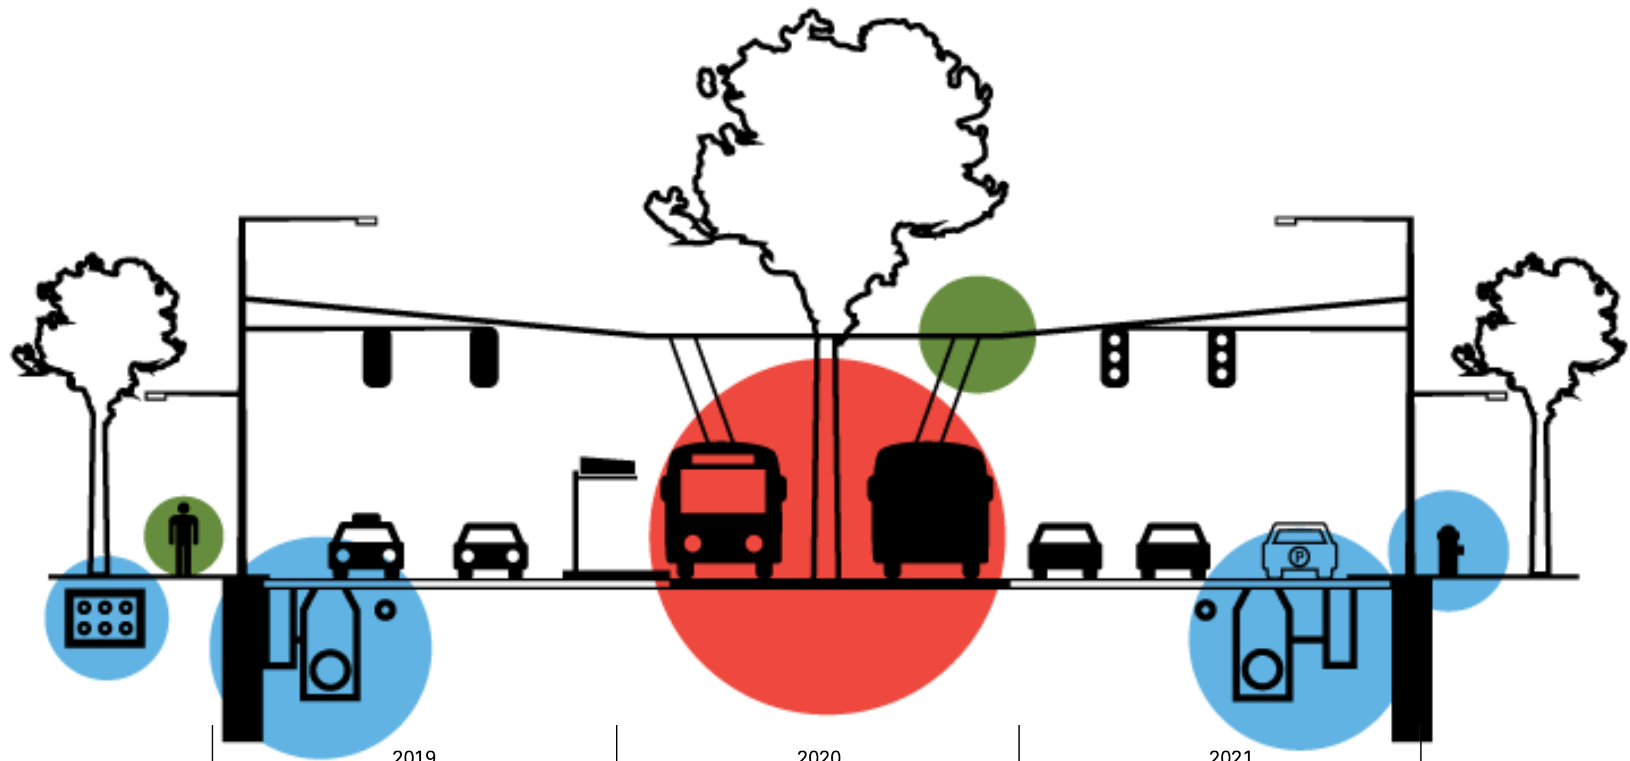

Construction Status

- Construction is approximately at 38% completion
- OCS duct bank/joint trench - underway
- Addressing unforeseen utility conflicts with PG&E and AT&T
- Sewer installation
 - Submittals and RFI review is ongoing
 - Potholing to identify utility conflicts with sewer alignment
 - Updated utility composite map in progress
 - Sewer trenching underway
- ADA sidewalk installation
- Temporary bus stop installation
- Traffic Control Plans – Ongoing
- OCS pole foundations

Schedule Update

Project Contract Modifications

Approved by MTA Board July 16

- Resolved two contractor claims for unavoidable delays resulting from water and sewer issues
- Covered by project's allocated allowances, did not increase project budget
 - SFPUC provided analysis and agreed to resolution
 - Increased the contract amount by \$4.8 million
 - Increased contract duration by 279 total calendar days
 - Of claimed 279 days unavoidable delays, 135 days are justifiable due to sewer and water issues
 - Contractor agrees to drop remaining 144 delay days claims and to avoid any litigation cost for both parties

Project Contract Modifications

Approved by MTA Board August 20

- Resolved claim related to additional potholing for sewer installation necessary to address utility conflicts
- Covered by project's allocated allowances, does not increase project budget
 - SFPUC agrees to resolution
 - Increases the contract amount by \$1.7 million
 - No increase to contract duration
