General Information

Logging in

- Use your full e-mail address to sign in.
- Click “Reset Password?” in order to set your password for the first time or reset it if you’ve forgotten it. You’ll get an e-mail with instructions.
- Using the “Remember Me” check box may prompt your browser to ask permission to save the password. Say yes to make sure this works.
- Once logged in, click on “Profile” at the top to change your password or contact info.

Standard Grant Agreements—‘SGAs’—and Projects

- Most records in the database are SGAs, and each SGA is treated as a standalone project by default.
- However, if an SGA is one component of a larger project, it will be assigned to a “Project”. The Project link is shown just below the SGA title.
- Projects will have Record Type = Project. Standalone SGAs and SGAs that are grouped under a parent (“children”) will have Record Type = Grant.
- Projects may be divided into SGAs by funding source, project phase, or scope elements.
- See the last page of this guide for an explanation of SGA numbers.

User Classes, Assigned Roles, and Subscriptions

- There are four classes of users in the Portal, controlled by settings on the account page.
  - Sponsor Agency users – This is the default user class. Users can see all grants from their agency.
  - Grant Manager users – Sponsor agency grant managers can add other users as subscribers to a grant.
  - SFCTA users – Transportation Authority Staff members can view all SGAs and to make updates to the contact info for other users.
  - Executive – SFCTA Executive Director, Chief Deputy Director, Finance and Administration Deputy, and Communications Officer.
  - Portal administrators – Certain overrides and correction of errors on locked forms must be performed by Portal administrators.
- Within the Portal, users may be assigned to roles on a particular SGA. Once assigned, the SGA appears on the user’s dashboard, with alerts. All SGA e-mails are copied to assigned staff.
  - Project Manager – This is the person responsible for the scope of the grant and is assigned in the grant agreement. Any user may be assigned this role.
  - Grants Section Contact – This is the person responsible for working with SFCTA to administer the grant and is assigned in the grant agreement. Only Grant Manager-class users may be assigned this role.
  - TA Contact – This is the primary SFCTA point of contact for the grant. Only SFCTA-class users may be assigned this role.

- TA Backup Contact – In some cases, a backup SFCTA staff member may be assigned. Only SFCTA-class users may be assigned this role.

- Users may also become subscribers to a particular SGA. Once subscribed, the SGA appears on the user’s dashboard, but without alerts. All SGA e-mails are copied to subscribed staff.
  - Grant Manager users may subscribe other staff in their agency to an SGA.
  - SFCTA users may subscribe other staff from any agency to an SGA, which will grant permission for a user to see the SGA even if it is outside their home agency.
Use of Electronic Signatures

• E-Signatures allow electronic recording of approvals on a form.
  o E-Signatures are currently available for Sponsor submission of Requests, and within the “For SFCTA Use Only” box of Requests.
  o Click the “Initial” or “Sign” button, enter your password and initials or full name, and click “OK” to generate an initial or signature and date on the line selected.
  o E-Signatures record the date, time, user-written text, logged-in user ID on the form, as well as the user IP address in the database.
  o If you choose to sign for someone else, write “for [name of person]” or “See attached scan” in place of the signature. Do not use someone else’s log-in.

• E-Signatures can only be reset by a Portal administrator.
  o E-signatures should be considered similar to signing paper; you cannot “unsign.” Completing a section of signatures automatically updates the status of a request.
  o In the event of an error, you must contact an administrator to clear a signature and reset the status of the request.

• In some forms, E-Signatures may be requested from another user.
  o Currently available for Sponsor submission of Requests.
  o When the request is ready to be approved, click the “Request a Signature” button, select a recipient, and add a message if needed. An e-mail will be sent to the recipient and copied to the requestor.
    ▪ The recipient is instructed to e-sign where indicated, or to contact the original requestor if there are any problems.
  o A named signature line will replace the generic line, with the date of the request. (Reload the page if this does not appear.)
    ▪ Note that this does not restrict who may e-sign; it merely shows who has been requested to e-sign.
  o The signature request may be reset to blank by the original requestor or a Portal administrator. The recipient and requestor will be notified by e-mail of the cancellation.

Help in the Portal

• For questions related to a particular SGA, e-mail the appropriate TA Contact and/or TA Backup Contact.

## Requests
- See all Close-out, Partial De-obligation, and Grant Amendment Requests for this SGA.
- Click the name to view the request and edit (if available).

## Reminders
- Reminders are used by the TA Contact for important deadlines. Deadlines associated with outside funding are most likely to use this feature.
- E-mail reminders will be sent to all assigned staff and subscribers at 90 days, 60 days, 30 days, and with increasing frequency as the date approaches.
- See also the table on the next page related to types of date data in the Portal.
- **SFCTA Users** can manage reminders. To create one, add a description of the reminder, enter a due date, and click Create Reminder. The reminder may be marked complete using the check box or edited or deleted using the appropriate links.

## Staff
- See current and past staff assignments including the Grant Section Contact, Project Manager, TA Contact, and TA Backup Contact.
- Sponsors may notify the Transportation Authority of staff changes by noting the change and effective date in the comments. The TA Contact will receive a notification e-mail and should make the change.
- **SFCTA Users** can change the staff assignments using the drop-down menus on the right side of the page. The new staff assignment will show up in Current Assignments and the former staff assignment will move to Past Assignments with an automatically filled end-date of the date the change was made.
- **SFCTA Users** may change start and end dates for current or former staff by clicking the pencil icon located to right of the person’s name.
  - Deleting invalid records must be done by a Portal administrator.
- Below the assignments, view a list of subscribers to the grant. SFCTA users and Sponsor Grant Managers may add or remove subscribers by selecting a user from the “Add subscription” dropdown menu. Email notifications are sent when staff subscriptions occur. Note that subscribing a user to a record outside a user’s sponsor agency will grant them sponsor-level access to the subscribed record.

## Cash Flow
- See the SGA cash flow by fiscal year. All fiscal years prior to FY13/14 are combined in “FY2013 and prior”. Available information includes Fiscal Year, Cash Flow Amount, Invoiced Amount, Balance, and Released Available Amount.

Creating Grant Amendment Requests

- Use checkboxes in each section to note the type of Grant Amendment that is being requested
  - Fund Expiration Date Extension
  - Other Project Schedule Milestone Change
  - Scope Change
  - Cost/Funding Plan Revision
  - Partial De-obligation
  - Other – Explain in Section III
- If applicable, in each section of the form, use checkboxes to note supporting information that will be attached or sent separately.
- Complete the Schedule Amendment Table:
  - Supply an updated open for use date, scheduled completion date, and a desired grant expiration date.
    - For a new expiration date, use the final date of a quarter, and allow sufficient time following the scheduled completion date to complete all billing and reporting.
- Complete the other parts of the form.
  - Enter any narrative, including justifications, notes, or comments. Provide sufficient information so that the SFCTA reviewer can confirm the justification of the request.
- Click “Save as Draft.” You will be able to review the request and add attachments prior to submitting it to the Transportation Authority.
Creating Close-out and Partial De-Obligation Requests

- Complete the Expenditure Report Table:
  - Add any Amount to be De-obligated from Prop K/AA/TFCA funds.
  - If the Billed column does not match your records, invoices may not have been received yet by the Authority. Add pending amounts to the Incurred but not in Portal field so that Budget after De-obligations and Balance match expected values.
  - Click the “Add Fund Source” link to show funds used from other sources. Enter the Original Budget, Present Budget, Incurred Costs, and Amounts to be De-obligated. You may add as many lines as are necessary. Use the “X” button on the right to delete rows if not needed.
    - Note: The request will be returned for revision if all funding is not shown.
  - Balance and SGA Fund Source Share of Expenses are calculated automatically. Confirm they match expected values.
- If applicable, in each section of the form, use checkboxes to note supporting information that will be attached or sent separately.

Submitting and Checking Grant Requests

- **Review the request and attach supporting information.**
  - If any changes to the form are needed, click “Save” (upper right) or “Update Request” (bottom) to commit the changes.
  - You can copy-and-paste tables from the form by first clicking “Make Readable” below the Expenditure Report table. Then, select the text, copy by right-clicking or using Ctrl-C. Paste into Word, Excel, or another program using the program’s paste function or using Ctrl-V. Back in the Portal, if you need to edit the fields, click “Make Editable.”
  - Use the file box on the right to attach supporting information. Click “Choose File” or “Browse” (depending on your browser) to find the file. Type in a description and click “Attach a File.”

- **Submit the request.** Choose an option below based on your agency’s internal procedures.

  1. **Option 1: Upload signed copy or signature routing sheet**
     - Use the “Print” button (upper right) to print a copy of the form. (Printing currently works best with Internet Explorer, but any browser may be used.)
     - Obtain the appropriate signatures according to your agency’s internal procedures.
     - Scan or take a photograph of the signed form (or just the signature page), and save the file.
     - Use the file box on the right to attach the signed form. Click “Choose File” or “Browse” (depending on your browser) to find the file. Type “Signatures” in the description. Click “Attach Signatures and Submit.”

  2. **Option 2: Sign Electronically**
    - E-Signatures allow electronic recording of initials and signatures. **Do not use another user’s log-in for this feature.**
    - Click the orange “Sign and Submit” button, enter your password and type your full name (first and last).
    - Once this signature line is submitted, the amendment request is submitted and you can no longer make changes to the form.
    - E-signatures should be considered similar to signing paper; you cannot “unsign.” In the event of an error, you must contact a Portal administrator to clear a signature and reset the status of the request.

  3. **Option 3: Request an Electronic Signature from another User**
    - Click the “Request a Signature” button, select a recipient, and add a message if needed. An e-mail will be sent to the recipient and copied to the requestor.
      - The recipient is instructed to e-sign where indicated, or to contact the original requestor if there are any problems.
    - A named signature line will replace the generic line, with the date of the request. (Reload the page if this does not appear.)
      - Note that this does not restrict who may e-sign; it merely shows who has been requested to e-sign.
    - The signature request may be reset to blank by the original requestor or a Portal administrator. The recipient and requestor will be notified by e-mail of the cancellation.

  4. Once submitted, sponsors can no longer make changes to the form.
Check the status of the request.
- You will receive an e-mail confirmation that your request has been submitted. The date will also be visible on the request page.
- The Authority will review the request and either approve it or ask for revisions. You will receive and e-mail confirmation in either case.
- Should revisions be required, repeat the steps above to revise and re-submit the form.
- Use the “Open Requests” report from the top menu to check the status of your requests. See “Other Portal Reports” for more information.

Documenting approved requests.
- You will receive an e-mail confirmation that your request has been approved.
- The request will be locked, with SFCTA Approval language and e-signatures permanently recorded.
- If needed, use the “Print” button (upper right) to produce a hard copy or PDF of the form, including e-signature data.

What do SGA numbers mean?

- First three digits are funding source. The 100-series is for Prop K. For example, 102 indicates Prop K Expenditure Plan (EP) number 02 – Third Street Light Rail.
  - Prop K: 100 series by EP number
  - TFCA: 500 Series by Fiscal Year
  - Prop AA: 700 Series by Fiscal Year
  - Lifeline Transportation Program: Begin with LTP
  - One Bay Area Grant Program: Begin with OBA
- Next digit is project phase or type.
  - Prop K: Most projects have “9” for multi-phase.
  - Prop AA: 1 is for Streets projects; 2 for Pedestrian projects; 3 for Transit projects
- Next two digits are for Sponsor. See the Text box.
- Last three digits are sequential by funding source.

Most Common Sponsors:
- 02: BART
- 03: Caltrans
- 04: TJPA (Transbay)
- 05: Dept. of City Planning
- 06: Dept. of Environment
- 07: SFMTA SSD (DPT)
- 08: SFDPW
- 10: SFMTA Muni
- 11: PCJPB (Caltrain)

Tips & Tricks

- When clicking a link or button, right-click or click the scroll-wheel to open the link in a new tab. This makes it easy to switch between pages.
- You can copy-and-paste the URL from your browser to any page in the system, if you wish to send someone to a certain page. You can also copy-and-paste lines from any tables in the Portal (as long as the table is in “Readable” mode instead of “Editable” mode—look for a toggle below the table if this is an option). Depending on your e-mail/chat client, the links in the report should transfer too.
- Comments and Files can be added to the SGA (from its tab) OR to particular Progress Reports and Project Requests. Make sure you’re putting your comment or file in the place you want.
- No matter the status of a particular Progress Report or Request, you can always leave a comment or upload additional files.
- Make use of .zip files and .mpk files to quickly upload large batches of files, like sets of photos, GIS shapefiles, or AutoCAD drawings.
- Cutting and pasting text from a word processor produces unpredictable results. Please double check that the text is legible.
  - Use “h1. “ before a title to make it a heading. (h2, h3, etc. also work for sub-heads.)
  - Use “* “ before text for bullets, or “# “ before text for numbered lists.
  - Use *asterisks around text to bold it*
