

RESOLUTION AUTHORIZING THE EXECUTIVE DIRECTOR TO EXECUTE EIGHT PROJECT DELIVERY AGREEMENTS AND ANY AMENDMENTS THERETO WITH THE CALIFORNIA DEPARTMENT OF TRANSPORTATION FOR RECEIPT OF STATE AND FEDERAL FUNDS FOR THE YERBA BUENA ISLAND WESTSIDE BRIDGES SEISMIC RETROFIT PROJECT

WHEREAS, In September 2019, the California Transportation Commission (CTC) adopted the Proposition 1B Local Bridge Seismic Retrofit Account Guidelines which require agencies with projects funded by Proposition 1B funds that have not advanced to the construction phase by December 31, 2019 to execute a Project Delivery Agreement (PDA) with the California Department of Transportation (Caltrans) by March 31, 2020; and

WHEREAS, The Local Bridge Seismic Retrofit Program (LBSRP) is administered by the CTC which proposed the revised guidelines in order to promote the completion of projects, and the PDA represents a commitment by the sponsor agency as to the scope, cost and delivery schedule for the project; and

WHEREAS, Agencies that do not comply with the guideline requirements will be restricted from seeking new obligations in the Caltrans Highway Bridge Program; and

WHEREAS, The Transportation Authority's Yerba Buena Island Westside Bridges Seismic Retrofit Project (Project) was listed as one of the projects requiring a PDA, and the Project requires eight separate PDAs as it was originally setup in the LBSRP as eight separate bridge projects; and

WHEREAS, The Project will demolish eight bridge structures and reconstruct a realigned roadway, six retaining walls, and a new undercrossing structure, as well as seismically retrofitting one structure and relocating a column; and

WHEREAS, Construction of roadway projects on Yerba Buena Island is very complex, requiring significant coordination among a number of entities and projects, including the

United States Coast Guard, which is part of the Department of Homeland Security and is located on Yerba Buena Island; and

WHEREAS, The Project is one of several roadway construction projects on Yerba Buena Island, all of which need to be essentially completed before construction of the Project can start; and therefore, the Project is now scheduled with a conservative construction start date of September 2022 and end date of April 2026; and

WHEREAS, The Project will be delivered using the Construction Manager/General Contractor Project Delivery Method, approved through Resolution 18-42; and

WHEREAS, The Project is funded with Caltrans Highway Bridge Program funds, with matching funds provided from the state Proposition 1B and the Treasure Island Development Authority; and

WHEREAS, The PDAs will not have an impact on the adopted Fiscal Year 2019/20 budget and will provide compliance with the CTC Proposition 1B Local Bridge Seismic Retrofit Account Guidelines to ensure the Project will receive the Highway Bridge Program and Proposition 1B funding; and

WHEREAS, At its January 22, 2020 meeting, the Citizens Advisory Committee was briefed on the subject request and unanimously adopted a motion of support for the staff recommendation; now, therefore, be it

RESOLVED, That the Transportation Authority hereby authorizes the Executive Director to execute eight PDAs and any amendments thereto with Caltrans for receipt of state and federal funds for the Project.
