### BACKGROUND

Our Fiscal Policy (Resolution 18-07) establishes an annual audit requirement and directs staff to report to the Board the agency's actual expenditures in comparison to the approved budget, on at least a quarterly basis. The Investment Policy (Resolution 20-23) directs a review of portfolio compliance with the Investment Policy in conjunction with, and in the context of, the quarterly expenditure and budgetary report.

**Internal Accounting Report.** Using the format of our annual financial statements for governmental funds, the Internal Accounting Report includes a "Balance Sheet" (Attachment 1) and a "Statement of Revenues, Expenditures, and Changes in Fund Balances, with Budget Comparison" (Attachment 2). In Attachment 2, the last two columns show the budget values and the variance of revenues and expenditures as compared to the adopted budget. For the three months ending September 30, 2020, the numbers in the adopted budget column are one-fourth of the total adopted budget for FY 2020/21, including the Treasure Island Mobility Management Agency. Although the sales tax revenue bond is included, the Internal Accounting Report does not include: 1) the Governmental Accounting Standards

Board Statement Number 34 adjustments; 2) revenues accruals for the sales tax (Prop K), vehicle registration fees (Prop AA) , Traffic Congestion Mitigation Tax Program; and 3) the other accruals that are done at the end of the FY. The Balance Sheet values, as of September 30, 2020, are used as the basis for the Investment Policy compliance review.

In addition, we are reporting for the second year of revenues for the Traffic Congestion Mitigation Tax Program (TNC Tax) since collections began on January 1, 2020. Back in November 2019, San Francisco voters approved Prop D, known as the TNC Tax, enabling the City to impose a 1.5 percent business tax on shared rides and 3.25 percent business tax on private rides for fares originating in San Francisco and charged by commercial ride-hail and driverless-vehicle companies until November 5, 2045. The SFMTA receives 50 percent of the revenues for Muni capital and operating improvements and we receive 50 percent of the revenues for capital projects that promote users' safety in the public right-of-way in support of the City's Vision Zero policy.

**Investment Report.** Our investment policies and practices are subject to, and limited by, applicable provisions of state law and prudent money management principles. All investable funds are invested in accordance with the Investment Policy and applicable provisions of California Government Code, *Section 53600 et seq.* Any investment of bond proceeds will be further restricted by the provisions of relevant bond documents.

We observe the "Prudent Investor" standard, as stated in California Government Code, *Section 53600.3*, applied in the context of managing an overall portfolio. Investments are to be made with care, skill, prudence, and diligence, taking into account the prevailing circumstances, including, but not limited to, general economic conditions, our anticipated needs, and other relevant factors that a prudent person of a like character and purpose, acting in a fiduciary capacity and familiar with those matters, would use in the stewardship of funds.

The primary objectives for the investment activities, in order of priority, are:

- 1) Safety.** Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
- 2) Liquidity.** The investment portfolio will remain sufficiently liquid to enable us to meet its reasonably anticipated cash flow requirements.
- 3) Return on Investment.** The investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk parameters and the cash flow characteristics of the portfolio.

Permitted investment instruments are specifically listed in the Investment Policy and include the San Francisco City and County Treasury Pool (Treasury Pool), certificates of deposit, and money market funds.

**Balance Sheet Analysis.** Attachment 1 presents assets, liabilities, and fund balances, as of September 30, 2020. Cash, deposits, investments, and restricted cash (Bonds Proceeds) total to \$148.4 million. Other assets total to \$23.1 million which mainly includes \$7.1 million of the program receivable, \$7.3 million of sales tax receivable, \$2.0 million vehicle registration fee receivable, \$2.6 million of receivable from the City & County of San Francisco, and \$2.9 million of traffic congestion mitigation tax receivable. Liabilities total \$310.3 million, as of September 30, 2020, and mainly includes \$55.5 million in accounts payable, and sales tax revenue bond par and premium amounts (Series 2017) of \$253.6 million.

There is a negative of \$146.6 million in total fund balances, which is largely the result of how multi-year programming commitments are accounted for. Future sales tax revenues and grant reimbursements collected will fully fund this difference. This amount is obtained as follows: \$19.8 million is restricted for capital projects and \$166.6 million is an unassigned negative fund balance. The unassigned negative fund balance reflects grant-funded capital projects that are scheduled to be implemented over the course of several fiscal years. The commitments are multi-year commitments and funded with non-current (i.e., future) revenues. In addition, we do not hold nor retain title for the projects constructed or for the vehicles and system improvements purchased with sales tax funds, which can result in a negative position.

**Statement of Revenues, Expenditures, and Changes in Fund Balances Analysis.** Attachment 2 compares budgeted to actual levels for revenues and expenditures for the first three months (one quarter) of the fiscal year. We earned \$24.5 million in revenues, including \$13.6 million in sales tax revenues, \$1.3 million in vehicle registration fee, \$9.4 million in total program revenues and \$0.2 million in investment income for the three months ending September 30, 2020. Total revenue was lower than the budget estimates by \$11.4 million. This variance amount mainly includes \$9.8 million in sales tax revenue, and \$1.8 million in traffic congestion mitigation tax revenue. Below are the following explanations to such variances:

Sales Tax Revenue – According to the California Department of Tax and Fee Administration's (CDTFA's) collections from January through June 2020, San Francisco has experienced the largest decrease at a decline of 26.6 percent as compared to other counties throughout California. Through August 2020, we have received \$13.6 million in sales tax revenue, which is trending 12.8 percent lower than anticipated when compared to two months of budgeted revenue. September revenues are expected to come in lower than the first two months of the fiscal year, similar to June receipts, as the revenues are not distributed to us evenly each quarter and CDTFA true up sales tax revenues each quarter. Similar to the last two quarters of FY 2019/20, we expect the increase in non-store and internet retail sales will likely continue to help backfill spending categories that are constrained by business closures and stay-at-home orders. The variance of \$9.8 million is mainly due to comparing three months of budgeted revenue to two months of recorded revenue. We do not expect any delay in the receipt of sales tax revenue for September 2020.

Traffic Congestion Mitigation Tax (TNC Tax) – The variance of \$1.8 million is mainly due to August and September revenues not yet received and recorded compared to three months of revenues budgeted. Based on the discussion and coordination with the City Controller's Office and the SFMTA, we're

expecting the first quarter of the fiscal year to be in line with what we experienced in the early days of the stay-at-home order, then a gradual recovery from the impact of COVID-19. The FY 2020/21 adopted budget of \$7.4 million was based on \$245,000 of revenues per month from July to September and \$735,000 per month from October 2020 to June 2021. As of September 30, 2020, there is \$277,794 of Traffic Congestion Mitigation Tax collected by the City but there are no revenues recognized by Transportation Authority due to the timing of any TNC Tax revenue received but not collected as of September 30, 2020.

As of September 30, 2020, we incurred \$25.2 million of expenditures, including \$7.6 million in debt service cost for the Sales Tax Revenue Bond and the revolving credit loan agreement, \$2.4 million for personnel and non-personnel expenditures, and \$15.2 million of capital project costs. Total expenditures were lower than the budgetary estimates by \$32.2 million. This amount mainly includes a net non-favorable variance of \$2.1 million for debt services costs, and a favorable variance of \$33.8 million in capital project costs. The net non-favorable variance of \$2.1 million in debt service costs is due to timing of Sales Tax bond principal and interest payments, the bi-annual interest payments made in August and February. The favorable variance of \$33.9 million in capital project costs includes, \$1.8 million of variance mainly related to the Yerba Buena Island Southgate Road Realignment project. Construction activities started in June 2020; however, we anticipate a higher level of construction costs will be expended in future quarters. The remaining \$31.4 million variances in capital project costs is mainly due to costs from project sponsors that have not yet been received. We anticipate a higher amount of reimbursement requests and expenditures in next quarter.

**Investment Compliance.** As of September 30, 2020, approximately 79.7 percent of our investable assets, excluding the \$18.9 million of bond proceeds held by US Bank, per the terms of the debt indenture, were invested in the Treasury Pool. These investments are in compliance with both the California Government Code and the adopted Investment Policy and provide sufficient liquidity to meet expenditure requirements for the next six months. Attachment 3 is the most recent investment report furnished by the Office of the Treasurer.

**Debt Expenditure Compliance.** In June 2018, Transportation Authority entered into a 3-year Revolving Credit (loan) Agreement with State Street Public Lending Corporation and US Bank for a total amount of \$140 million. As of September 30, 2020, the Transportation Authority does not have any outstanding balance in the loan.

As of September 30, 2020, the cumulative total of Prop K capital expenditures paid with bond proceeds is \$188.9 million. The available balance of remaining bond proceeds to be spent is \$15.1 million. Total earned interest to date from bond proceeds amounts to \$4.2 million. More details on these expenditures are included in Attachment 4.

**COVID-19 Financial Impact.** We are monitoring revenue streams and coordinating closely with the City and sister agencies to assess short-, medium-, and long-term financial impacts. While we expect our sales tax and other revenues to be significantly affected going forward, our strong financial position

ensures that we can continue to support sponsors' cash needs for a multitude of public works and transit projects across the City.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution. The full Investment Policy can be found at <https://sftreasurer.org/banking-investments/investments>

Totals may not add due to rounding.
