

RESOLUTION ALLOCATING \$16,546,728 IN PROP K SALES TAX FUNDS, WITH CONDITIONS,  
FOR TWO REQUESTS

WHEREAS, The Transportation Authority received two requests for a total of \$16,546,728 in Prop K local transportation sales tax funds, as summarized in Attachments 1 and 2 and detailed in the attached allocation request forms; and

WHEREAS, The requests seek funds from the Vehicles–Muni and Other Upgrades to Major Arterials categories of the Prop K Expenditure Plan; and

WHEREAS, As required by the voter-approved Expenditure Plans, the Transportation Authority Board has adopted a Prop K 5-Year Prioritization Program (5YPP) for each of the aforementioned Expenditure Plan programmatic categories; and

WHEREAS, The San Francisco Municipal Transportation Agency's requests for the Replace 30 30-foot Hybrid Motor Coaches and Mission Street Excelsior Safety projects require 5YPP amendments as summarized in Attachment 3 and detailed in the attached allocation request forms; and

WHEREAS, After reviewing the requests, Transportation Authority staff recommended allocating a total of \$16,546,728 in Prop K funds, with conditions, for two projects, as described in Attachment 3 and detailed in the attached allocation request forms, which include staff recommendations for Prop K allocation amounts, required deliverables, timely use of funds requirements, special conditions, and Fiscal Year Cash Flow Distribution Schedules; and

WHEREAS, There are sufficient funds in the Capital Expenditures line item of the Transportation Authority's approved Fiscal Year 2020/21 budget to cover the proposed actions; and

WHEREAS, At its December 2, 2020 meeting, the Citizens Advisory Committee (CAC) was briefed on the Replace 30 30-foot Hybrid Motor Coaches request and unanimously adopted a motion of support for the staff recommendation; and

WHEREAS, The CAC has not taken a position on the Mission Street Excelsior Safety - Additional Funds request since no CAC meeting is held at the end of December due to year-end holidays; now therefore, be it

RESOLVED, That the Transportation Authority hereby amends the Prop K Vehicles–Muni and Other Upgrades to Major Arterials 5YPPs, as detailed in the attached allocation request form; and be it further

RESOLVED, That the Transportation Authority hereby allocates \$16,546,728 in Prop K funds, with conditions, for two projects, as summarized in Attachment 3 and detailed in the attached allocation request forms; and be it further

RESOLVED, That the Transportation Authority finds the allocation of these funds to be in conformance with the priorities, policies, funding levels, and prioritization methodologies established in the Prop K Expenditure Plan, Strategic Plan and relevant 5YPPs; and be it further

RESOLVED, That the Transportation Authority hereby authorizes the actual expenditure (cash reimbursement) of funds for these activities to take place subject to the Fiscal Year Cash Flow Distribution Schedules detailed in the attached allocation request forms; and be it further

RESOLVED, That the Capital Expenditures line item for subsequent fiscal year annual budgets shall reflect the maximum reimbursement schedule amounts adopted and the Transportation Authority does not guarantee reimbursement levels higher than those adopted; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the Executive Director shall impose such terms and conditions as are necessary for the project sponsor to comply with applicable law and adopted Transportation Authority policies and execute Standard Grant Agreements to that effect; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the project sponsor shall provide the Transportation Authority with any other information it may request regarding the use of the funds hereby authorized; and be it further

RESOLVED, That the Capital Improvement Program of the Congestion Management Program, and the Prop K Strategic Plan are hereby amended, as appropriate.

Attachment 1: Summary of Requests Received

Source	EP Line No./ Category <sup>1</sup>	Project Sponsor <sup>2</sup>	Project Name	Current Prop K Request	Total Cost for Requested Phase(s)	Leveraging			Phase(s) Requested	District(s)
						Expected Leveraging by EP Line <sup>3</sup>	Actual Leveraging by Project Phase(s) <sup>4</sup>			
Prop K	17M	SFMTA	Replace 30 30-foot Hybrid Motor Coaches	\$ 16,195,602	\$ 34,440,000	84%	53%		Construction	Citywide
Prop K	30	SFMTA	Mission Street Excelsior Safety Project - Additional Funds	\$ 351,126	\$ 3,000,000	83%	88%		Design	11
<b>TOTAL</b>					<b>\$ 37,440,000</b>	<b>84%</b>	<b>56%</b>			

Footnotes

<sup>1</sup> "EP Line No./Category" is either the Prop K Expenditure Plan line number referenced in the 2019 Prop K Strategic Plan or the Prop AA Expenditure Plan category referenced in the 2017 Prop AA Strategic Plan, including: Street Repair and Reconstruction (Street), Pedestrian Safety (Ped), and Transit Reliability and Mobility Improvements (Transit) or the Traffic Congestion Mitigation Tax (TNC Tax) category referenced in the Program Guidelines.

<sup>2</sup> Acronyms: SFMTA (San Francisco Municipal Transportation Agency)

<sup>3</sup> "Expected Leveraging By EP Line" is calculated by dividing the total non-Prop K funds expected to be available for a given Prop K Expenditure Plan line item (e.g. Pedestrian Circulation and Safety) by the total expected funding for that Prop K Expenditure Plan line item over the 30-year Expenditure Plan period. For example, expected leveraging of 90% indicates that on average non-Prop K funds should cover 90% of the total costs for all projects in that category, and Prop K should cover only 10%.

<sup>4</sup> "Actual Leveraging by Project Phase" is calculated by dividing the total non-Prop K or non-Prop AA funds in the funding plan by the total cost for the requested phase or phases. If the percentage in the "Actual Leveraging" column is lower than in the "Expected Leveraging" column, the request (indicated by yellow highlighting) is leveraging fewer non-Prop K dollars than assumed in the Expenditure Plan. A project that is well leveraged overall may have lower-than-expected leveraging for an individual or partial phase.

Attachment 2: Brief Project Descriptions <sup>1</sup>

EP Line No./ Category	Project Sponsor	Project Name	Prop K Funds Requested	Prop AA Funds Requested	Project Description
17M	SFMTA	Replace 30 30-foot Hybrid Motor Coaches	\$ 16,195,602	\$ -	Replacement of 30 32-foot Orion hybrid diesel motor coaches that have reached the end of their useful lives. The 32-foot motor coach is Muni's smallest fixed-route vehicle. The replacement buses will improve reliability and reduce maintenance costs on routes in the City's hardest-to-reach neighborhoods, where larger vehicles cannot climb the hills or make the tight turns. They also provide Muni flexibility in responding to variations in demand on any of its transit routes served by rubber-tire vehicles. To procure these vehicles the SFMTA will coordinate with the State of Georgia on an existing Federal Transit Administration eligible contract that includes purchase of 32-foot hybrid motor coaches. SFMTA will join with Georgia via a contract with Creative Bus Sales, Inc., headquartered in Southern California. Given the relatively small vehicle fleet, this contract approach will allow the SFMTA to cut costs on bid/award and design costs and abbreviate the production schedule. The SFMTA expects to approve the contract in early 2021 and take delivery of all vehicles by March 2022.
30	SFMTA	Mission Street Excelsior Safety Project - Additional Funds	\$ 351,126	\$ -	Requested funds are for the design of pedestrian safety, transit reliability, and loading improvements on Mission Street between Geneva Avenue and Trumbull Street and on Geneva Avenue between Mission and Prague Streets. Scope includes bulb-outs, traffic signals, new pedestrian crossings, transit bulbs, transit stop improvements and changes, and loading and color curb management. In April 2020, the Board approved \$1 million in Prop K funds for design of the subject project. At the time, the funding plan for design included \$1 million in Prop K and \$2 million in Prop B General Fund. Due to declining General Fund revenues, SFMTA is seeking \$351,126 in additional Prop K funds to fully fund the design phase. SFMTA anticipates completing design by December 2021 and having the project open for use by June 2023.
<b>TOTAL</b>			<b>\$16,546,728</b>	<b>\$0</b>

### EXPENDITURE PLAN INFORMATION

<b>Prop K EP categories:</b>	Vehicles - MUNI
<b>Current Prop K Request:</b>	\$16,195,602
<b>Supervisory District(s):</b>	Citywide

### REQUEST

#### Brief Project Description

Replace 30 32-foot hybrid diesel motor coaches that have reached the end of their useful lives. The new buses will improve reliability and reduce maintenance costs to a fleet serving community routes such as 35 Eureka, 36 Teresita, 37 Corbett, 39 Coit, and 56 Rutland.

#### Detailed Scope, Project Benefits and Community Outreach

As part of its regular daily passenger service, the SFMTA operates a fleet of thirty 32-foot Orion diesel hybrid coaches. These coaches serve community routes, such as the 35 Eureka, 36 Teresita, 37 Corbett, 39 Coit, and 56 Rutland. The Orion fleet went into service in 2007 and is the oldest diesel hybrid fleet in the SFMTA. This fleet is experiencing increased mechanical failures, which have led to increased maintenance costs and decreased reliability with a mean distance between failures of 4,000 miles. The replacement vehicles will improve reliability and decrease maintenance costs. According to Federal Transit Administration Circular 5010.1E, these coaches, which are considered small, heavy-duty transit buses, have a useful life of ten years or 350,000 miles. These coaches in the SFMTA's fleet surpassed their useful life near the end of 2017 but have remained in operation.

The 32-foot motor coach is Muni's smallest vehicle and with only 30 of them, these coaches are essential for providing service to our hardest-reached neighborhoods where our larger vehicles (40' and 60' variants) cannot climb the hills or make the turns. For that reason, the 32-foot coaches are deployed to community routes such as the 37 Corbett, 39 Coit & 56 Rutland, among others. And while many lines have been suspended since March due to the COVID-19 pandemic, routes such as the 67 Bernal Heights that rely on 30' coaches returned to service in August 2020 and more are expected to come back into service in the months to come.

Under this procurement, the SFMTA intends to purchase 30 32-foot hybrid motor coaches and associated spare parts, training, manuals, and special tools. These new buses will be equipped with the new radio system and farebox, new passenger seat with stroller parking, improved wheelchair securement area, and improved emission control that is more energy-efficient and environmentally friendly than the buses they will replace.

Each 32-ft replacement bus will be equipped with the latest vehicle technology which including but not limited to:

1. Improved seating layout
2. Slip-resistant flooring material
3. Better wheelchair securement system
4. Improved safety system for operators and riders
5. Latest vehicle subsystems for better security, communications, and vehicle maintenance

The vehicle production will be at the vendor's facility and it will be driven to San Francisco after initial testing and inspections by our Quality Control (QC) and Commissioning team.

For the subject procurement, the SFMTA will coordinate with the state of Georgia on an existing FTA-eligible contract that includes purchase of 32-foot hybrid motor coaches. SFMTA would join the state of Georgia in a contract with with

## Attachment 5

Creative Bus Sales, Inc. (CBS), headquartered in Southern California. SFMTA's fleet engineering team will work to finalize the design specifications to meet San Francisco's challenging operating environment. The vendor will complete detailed design prior to manufacture of the vehicles. The contract-design method available through this coordinated procurement will allow the SFMTA to cut costs on maintenance, bid/award as well as design costs, and abbreviate the production schedule.

#### Cash Flow Distribution Schedule by Fiscal Year

Fund Source	FY 2020/21	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	Total
PROP K EP-117M	\$0	\$8,097,801	\$8,097,801	\$0	\$0	\$16,195,602

#### Deliverables

- Quarterly progress reports shall provide percent complete for the overall project scope, a count of the number of vehicles accepted for service in the previous quarter, upcoming project milestones (e.g. NTP, 100% Design), deliveries anticipated in the upcoming quarter, and any issues that may impact delivery, in addition to all other requirements described in the Standard Grant Agreement.
- Upon placing the first vehicles from this procurement into revenue service, provide two digital photos of the accepted vehicle, with at least one showing the decal with Prop K logo affixed to a vehicle.

#### Special Conditions

- The recommended allocation is contingent upon amendment of the 5-Year Prioritization Program for the Prop K Vehicles-Muni Category. See attached 5YPP amendment for details.
- The recommendation is contingent upon a commitment by the SFMTA to maintain the new motor coaches in a state of good repair, including a mid-life overhaul program to allow them to meet or exceed expectations for their useful lives per FTA guidelines.

- <sup>2</sup> 5YPP amendment to accommodate allocation of \$700,788 for Rehabilitation of 5 Vintage Streetcars (Resolution 20-003, 7/23/2019):  
 Replace 30 30-foot Hybrid Diesel Motor Coaches: Reduced by \$700,788 in FY2018/19. SFMTA has deferred the project by at least two years.  
 Rehabilitation of 5 Vintage Streetcars: Added project with \$700,788 in FY2019/20.
- <sup>3</sup> To accommodate allocation of \$17,937,483 for New Flyer Midlife Overhaul Phase 1 (Resolution 20-009, 09/24/2019):  
 Replace 30 30-foot Hybrid Diesel Motor Coaches: Reduced by \$13,446,287 in FY2019/20. SFMTA has deferred the project by at least two years.  
 Transit Vehicle Replacement or Rehabilitation - Placeholder: Reduced from \$4,491,196 to \$0 in FY2019/20.  
 New Flyer Midlife Overhaul Phase 1: Added project with \$17,937,483 in FY2019/20.
- <sup>4</sup> Strategic Plan and 5YPP amendments to accommodate allocation of \$50,089,416 for Light Rail Vehicle Procurement (Resolution 20-040, 4/14/2020).  
 Light Rail Vehicle Procurement: Advance \$17,183,425 in cash flow from FY2021/22 to FY2020/21, reduce total amount by \$2,035,607 from \$52,125,023 to \$50,089,416;  
 Placeholder - Purchase or Rehab Muni Vehicles: Add placeholder with \$2,035,607 in FY2019/20 and cash flow in FY2023/24.
- <sup>5</sup> 5YPP amendment to accommodate allocation of \$1,156,151 for the Replace 28 Paratransit Vans project (Resolution 21-0XX, 10/27/2020).  
 Replace 85 40-Foot Trolley Coaches: Reduced by \$1,156,151, from \$7,542,844 to \$6,386,693 in FY2019/20. SFMTA completed the trolley procurement with other funds.  
 Replace 28 Paratransit Vans: Added project with \$1,156,151 in FY2020/21.
- <sup>6</sup> 5YPP amendment to accommodate allocation of \$16,195,602 for the Replace 30 30-foot Hybrid Motor Coaches project (Resolution 21-0XX, xx/xx/2020).  
 Replace 85 40-Foot Trolley Coaches: Reduced from \$6,386,693 to \$0. SFMTA completed the trolley procurement with other funds.  
 Cumulative Remaining Capacity: Reduced from \$10,043,397 to \$234,488. The funds were deobligated from two grants for motor coach procurement (a total of \$6,610,522 from SGAs 117-910067 and 117-910069) and one grant for trolley coach procurement (\$3,198,387 from SGA 117-910070). These projects were completed under budget.  
 Replace 30 30-foot Hybrid Motor Coaches: Added project with \$16,195,602 in FY2020/21.

## Prop K/Prop AA Allocation Request Form

<b>FY of Allocation Action:</b>	FY2020/21
<b>Project Name:</b>	Mission Street Excelsior Safety Project - Additional Funds
<b>Grant Recipient:</b>	San Francisco Municipal Transportation Agency

### EXPENDITURE PLAN INFORMATION

<b>Prop K EP categories:</b>	Other Upgrades to Major Arterials
<b>Current Prop K Request:</b>	\$351,126
<b>Supervisory District(s):</b>	District 11

### REQUEST

#### Brief Project Description

Pedestrian safety, transit reliability, and loading improvements on Mission Street between Geneva Avenue and Trumbull Street and on Geneva Avenue between Mission and Prague Streets. Project will 1) provide safer, more comfortable walking and biking environments on Mission and Geneva; 2) provide safer, more predictable driving environment on Mission and Geneva; and 3) improve transit reliability on Mission and Geneva. Scope includes bulb-outs, traffic signals, new pedestrian crossings, transit bulbs, transit stop improvements and changes, and loading and color curb management.

#### Detailed Scope, Project Benefits and Community Outreach

Mission Street and Geneva Avenue are part of San Francisco's Vision Zero High Injury Network – the 13% of city streets where 75% of the severe and fatal collisions occur. Over the last seven years, five community members were killed and at least 323 people were injured in collisions in the project area. Additionally, on some blocks of the project corridor, the eight Muni lines that serve the area have average speeds below 5 mph, pre-COVID. The project will seek to address these issues, while making loading improvements to support the over 300 existing storefronts along Mission and Geneva streets.

The project's goals are to:

- \* Increase safety for all users of the corridor, especially people who walk, bike, and take transit
- \* Improve transit reliability on the most used bus routes in the neighborhood
- \* Enhance the business district through loading improvements

From late 2017 to 2018, the project team conducted outreach to better understand the issues and problems that the community faces when using Mission Street and Geneva Avenue, including one-on-one meetings, door-to-door loading surveys, participation in four Excelsior and Outer Mission Neighborhood Strategy meetings, and neighborhood walk-throughs. In late 2018 and early 2019, SFMTA hosted a series of workshops with project stakeholders to refine the conceptual plan to better reflect the community's needs. In April 2019, the project team hosted two open houses to present the refined designs to the wider community and collected feedback that was used to create the final proposal. The project proposal was revised and approved by the SFMTA Board of Directors in September 2019.

'Quick-build' improvements – including 'painted safety zones' to improve visibility at corners, curb management enhancements, and transit stop changes – were constructed in summer 2020.

The detailed design phase of the project funded with this allocation request is already in progress. In April 2020, the Board approved \$1 million in Prop K funds for design. At the time, the funding plan for design included \$1 million from Prop K and \$2 million from Prop B General Fund. Due to declining General Fund revenues, SFMTA is seeking \$351,126 in additional Prop K funds to fully fund the design phase. The phase includes design of civil improvements (bulb-outs and sidewalk extensions) and new/modified traffic signals.

Project scope:

- \* 6 new traffic signals
- \* 4 signal modifications and timing changes along corridor

## Attachment 5

- \* Up to 35 corner bulb-outs, 4 transit bulbs, and 1 transit island
- \* Visibility daylighting along corridor
- \* 3 raised crosswalks
- \* Adjusted transit stops
- \* Curb management to support businesses
- \* Bikeway improvements (on Geneva)

### Deliverables:

1. Traffic signal designs (pole placement and signal timing)
2. Civil designs for bulb-outs, islands, raised crosswalks, etc.
3. Striping designs for lane/curb re-configurations

The project was awarded a 2020 Local Partnership Program grant of \$8.7 million for construction by the California Transportation Commission, to be equally matched with local funds.

All improvements (safety, transit, signal upgrades) are planned to be jointly delivered with a re-paving contract by Public Works starting in early 2022. It is possible that implementation of the project will include multiple construction phases. A task within the detailed design scope is cost estimates per element, which will inform what can be built with the initial project and what might need to be included later. If phased, transit improvements (e.g., bus bulbs), safety improvements at high-collision locations, and signal upgrades will be prioritized.

As compared with the previous Prop K allocation, the end of design and implementation schedules have been pushed out by about 6 months. This change is due to staffing issues within the Public Works design team related to the switch to work-from-home during the COVID-19 pandemic, as well as design complexities that arose as design advanced. Despite this, traffic safety and transit elements co-located at intersections receiving traffic signal upgrades on Geneva Avenue will be built with that project (Geneva Avenue Traffic Signals) in 2021, a year earlier than other work.

### Project Location

Mission Street between Geneva Avenue and Trumbull Street; Geneva Avenue between Mission and Prague Streets

### Project Phase(s)

Design Engineering (PS&E)

## 5YPP/STRATEGIC PLAN INFORMATION

<b>Type of Project in the Prop K 5YPP/Prop AA Strategic Plan?</b>	New Project
<b>Is requested amount greater than the amount programmed in the relevant 5YPP or Strategic Plan?</b>	Less than or Equal to Programmed Amount
<b>Prop K 5YPP Amount:</b>	\$351,126
<b>Justification for Necessary Amendment</b>	
The subject request includes an amendment to the Other Upgrades to Major Arterials 5-Year Prioritization Program to add the subject project as follows: > Reprogram \$250,000 from the Sloat Skyline Intersection Improvements project, which is delayed. > Reprogram \$101,126 in funds deobligated from projects completed under budget.

### PROJECT DELIVERY MILESTONES

Phase	Start		End	
	Quarter	Calendar Year	Quarter	Calendar Year
Planning/Conceptual Engineering (PLAN)	Jan-Feb-Mar	2017	Jul-Aug-Sep	2019
Environmental Studies (PA&ED)	Jan-Feb-Mar	2017	Jul-Aug-Sep	2019
Right of Way				
Design Engineering (PS&E)	Oct-Nov-Dec	2019	Oct-Nov-Dec	2021
Advertise Construction	Jan-Feb-Mar	2022		
Start Construction (e.g. Award Contract)	Apr-May-Jun	2022		
Operations (OP)				
Open for Use			Apr-May-Jun	2023
Project Completion (means last eligible expenditure)			Jul-Aug-Sep	2023

### SCHEDULE DETAILS

Community outreach during the detailed design phase will be minimal, focused on working with stakeholders (e.g., property owners/tenants) on particular considerations/issues that arise during design. This project is being coordinated with a scheduled paving project led by Public Works; it may also coordinate with utility work – the paving scope will follow the schedule of this project.

The 2020 Local Partnership Program (LPP) grant awarded for this project has timely use-of-funds requirements: allocations must be requested in the fiscal year of programming and are valid for 6 months from date of allocation; after the construction contract is awarded (or the start of construction), the project sponsor has 36 months to complete the contract. LPP grant funds are programmed for FY 2021-22 and project staff plan to request allocation of the \$8.7 million in grant funds in winter 2021 prior to expected contract advertisement in early 2022 and start of construction in spring 2022.

## Memorandum

### AGENDA ITEM 4

**DATE:** January 5, 2021  
**TO:** Transportation Authority Board  
**FROM:** Anna LaForte - Deputy Director for Policy and Programming  
**SUBJECT:** 01/12/2021 Board Meeting: Allocate \$16,546,728 in Prop K Sales Tax Funds, with Conditions, for Two Requests

<b>RECOMMENDATION</b> <input type="checkbox"/> Information <input checked="" type="checkbox"/> Action	<input checked="" type="checkbox"/> Fund Allocation
Allocate \$16,546,728 in Prop K funds, with conditions, to the San Francisco Municipal Transportation Agency (SFMTA) for:	<input checked="" type="checkbox"/> Fund Programming
1. Replace 30 30-foot Hybrid Motor Coaches (\$16,195,602)	<input type="checkbox"/> Policy/Legislation
2. Mission Street Excelsior Safety - Additional Funds (\$351,126)	<input type="checkbox"/> Plan/Study
<b>SUMMARY</b>	<input type="checkbox"/> Capital Project Oversight/Delivery
Attachment 1 lists the requests, including phase(s) of work and supervisorial district(s). Attachment 2 provides a brief description of the projects. Attachment 3 contains the staff recommendations. At the Board meeting, Julie Kirschbaum, Director of Transit, will give a presentation on the benefits of proceeding with the replacement of SFMTA's fleet of 30-foot busses now and to explain why this project is a priority at this time.	<input type="checkbox"/> Budget/Finance
	<input type="checkbox"/> Contract/Agreement
	<input type="checkbox"/> Other: _____

### DISCUSSION

Attachment 1 summarizes the subject allocation requests, including information on proposed leveraging (i.e. stretching Prop K sales tax dollars further by matching them with other fund sources) compared with the leveraging assumptions in the Prop K Expenditure Plan. Attachment 2 includes brief project descriptions. Attachment 3 summarizes the staff recommendations for each request, highlighting special conditions and other items of interest. An Allocation Request Form for each project is attached, with more detailed information on scope, schedule, budget, funding, deliverables, and special conditions.

### FINANCIAL IMPACT

The recommended action would allocate \$16,546,728 in Prop K funds. The allocations would be subject to the Fiscal Year Cash Flow Distribution Schedules contained in the attached Allocation Request Forms.

Attachment 4 shows the approved Prop K and Prop AA Fiscal Year 2020/21 allocations and appropriations to date, with associated annual cash flow commitments as well as the recommended allocation and cash flow amounts that are the subject of this memorandum.

Sufficient funds are included in the adopted Fiscal Year 2020/21 annual budget. Furthermore, sufficient funds will be included in future budgets to cover the recommended cash flow distributions for those respective fiscal years.

## **CAC POSITION**

The CAC considered the Replace 30 30-foot Hybrid Motor Coaches request at its December 2, 2020 meeting and unanimously adopted a motion of support for the staff recommendation. At SFMTA's request, Board action on the motor coach request was held back until the SFMTA could prepare a presentation to support the request. The Mission Street Excelsior Safety - Additional Funds request has not been reviewed by the CAC since no CAC meeting is held at the end of December due to year-end holidays.

## **SUPPLEMENTAL MATERIALS**

- Attachment 1 – Summary of Requests
- Attachment 2 – Project Descriptions
- Attachment 3 – Staff Recommendations
- Attachment 4 – Prop K and Prop AA Allocation Summaries – FY 2020/21
- Attachment 5 – Allocation Request Forms (2)
