SUMMARY	□ Plan/Study
The purpose of this memorandum is to provide the quarterly internal accounting report, investment report, and debt	□ Capital Project Oversight/Delivery
expenditure report for the Fiscal Year (FY) 2020/21 period	⊠ Budget/Finance
ending December 31, 2020.	☐ Contract/Agreement
	□ Other:

BACKGROUND

Our Fiscal Policy (Resolution 18-07) establishes an annual audit requirement and directs staff to report to the Board the agency's actual expenditures in comparison to the approved budget, on at least a quarterly basis. The Investment Policy (Resolution 20-23) directs a review of portfolio compliance with the Investment Policy in conjunction with, and in the context of, the quarterly expenditure and budgetary report.

Internal Accounting Report. Using the format of our annual financial statements for governmental funds, the Internal Accounting Report includes a "Balance Sheet" (Attachment 1) and a "Statement of Revenues, Expenditures, and Changes in Fund Balances, with Budget Comparison" (Attachment 2). In Attachment 2, the last two columns show the prorated budget values and the variance of revenues and expenditures as compared to the adopted budget. For the six months ending December 31, 2020, the numbers in the prorated adopted budget column are one-half of the total adopted annual budget for FY 2020/21, including the Treasure Island Mobility Management Agency. Although the sales tax revenue bond, and

Agenda Item 10 Page 2 of 5

revenue accrual for vehicle registration fee and Traffic Congestion Mitigation Tax Program (TNC Tax) are included, the Internal Accounting Report does not include: 1) the Governmental Accounting Standards Board Statement Number 34 adjustments; 2) revenues accruals for sales tax (Prop K); and 3) the other accruals that are done at the end of the FY. The Balance Sheet values, as of December 31, 2020, are used as the basis for the Investment Policy compliance review.

In addition, we are reporting for the second year of revenues for the TNC Tax since collections began on January 1, 2020. In November 2019, San Francisco voters approved Prop D, known as the TNC Tax, enabling the City to impose a 1.5% business tax on shared rides and 3.25% business tax on private rides for fares originating in San Francisco and charged by commercial ride-hail and driverless-vehicle companies until November 5, 2045. The SFMTA receives 50% of the revenues for Muni capital and operating improvements and we receive 50% of the revenues for capital projects that promote users' safety in the public right-of-way in support of the City's Vision Zero policy.

Investment Report. Our investment policies and practices are subject to, and limited by, applicable provisions of state law and prudent money management principles. All investable funds are invested in accordance with the Investment Policy and applicable provisions of California Government Code, *Section 53600 et seq.* Any investment of bond proceeds will be further restricted by the provisions of relevant bond documents.

We observe the "Prudent Investor" standard, as stated in California Government Code, *Section 53600.3*, applied in the context of managing an overall portfolio. Investments are to be made with care, skill, prudence, and diligence, taking into account the prevailing circumstances, including, but not limited to, general economic conditions, our anticipated needs, and other relevant factors that a prudent person of a like character and purpose, acting in a fiduciary capacity and familiar with those matters, would use in the stewardship of funds.

The primary objectives for the investment activities, in order of priority, are:

- 1) Safety. Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
- 2) Liquidity. The investment portfolio will remain sufficiently liquid to enable us to meet its reasonably anticipated cash flow requirements.
- 3) Return on Investment. The investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk parameters and the cash flow characteristics of the portfolio.

Agenda Item 10 Page 3 of 5

Permitted investment instruments are specifically listed in the Investment Policy and include the San Francisco City and County Treasury Pool (Treasury Pool), certificates of deposit, and money market funds.

Balance Sheet Analysis. Attachment 1 presents assets, liabilities, and fund balances, as of December 31, 2020. Cash, deposits, and investments, total to \$137.2 million. Other assets total to \$33.3 million, which mainly includes \$11.7 million of the program receivable, \$6.8 million sales tax receivable, \$1.2 million vehicle registration fee receivable, and \$3.5 million of receivable from the City & County of San Francisco. Liabilities total \$301.9 million, as of December 31, 2020, and mainly includes \$38.8 million in accounts payable, and sales tax revenue bond par and premium amounts (Series 2017) of \$253.6 million.

There is a negative of \$135.3 million in total fund balances, which is largely the result of how multi-year programming commitments are accounted for. Future sales tax revenues and grant reimbursements collected will fully fund this difference. This amount is obtained as follows: \$23.6 million is restricted for capital projects and \$159.1 million is an unassigned negative fund balance. The unassigned negative fund balance reflects grant-funded capital projects that are scheduled to be implemented over the course of several fiscal years. The commitments are multi-year commitments and funded with non-current (i.e., future) revenues. In addition, we do not hold nor retain title for the projects constructed or for the vehicles and system improvements purchased with sales tax funds, which can result in a negative position.

Statement of Revenues, Expenditures, and Changes in Fund Balances Analysis. Attachment 2 compares the prorated budgeted to actual levels for revenues and expenditures for the first six months (two quarters) of the fiscal year. We earned \$57.4 million in revenues, including \$34.2 million in sales tax revenues, \$3.1 million in vehicle registration fee, \$3.5 million in traffic congestion mitigation tax, \$0.3 million in investment income, and \$16.3 million in total program revenues for the six months ending December 31, 2020. Total revenue was lower than the prorated budget estimates by \$14.2 million. This variance amount mainly includes \$12.5 million in sales tax revenue and \$2.4 million in program revenues. Below are the following explanations to such variances:

<u>Sales Tax Revenue</u> - Through December 2020, we have received \$34.2 million (for July through November) in sales tax revenue, which is trending 12.1% lower than anticipated when compared to five months of budgeted revenue and 27.5% below prior year amounts. The collection of the sales tax revenue remains consistently lower since the 3rd quarter of FY 2019/20, when the stay-at-home orders were fully in effect. However, compared to other Bay Area counties which show signs of recovery based on the sales tax collections, San Francisco County has the biggest impact and is not yet recovered from the stayed-at-home orders. December revenues are expected to come in higher than the first five months of the fiscal year based on historical data. The variance of \$12.5 million is mainly due to comparing six months of budgeted revenue to five months of recorded revenue.

Agenda Item 10 Page 4 of 5

Program Revenues - The variance of \$2.4 million includes \$1.5 million in Congestion Management Agency Programs, \$0.4 million in the Transportation Fund for Clean Air Program, and \$0.5 million in the Treasure Island Mobility Management Agency Program. The \$1.5 million of variance in Congestion Management Agency Programs is mainly related to the Yerba Buena Island Southgate Road Realignment project, which is progressing at a slower pace than anticipated; the budget is expected to be updated in the mid-year budget amendment to reflect the project progress. The \$0.4 million of variance in the Transportation Fund for Clean Air Program is due to the payment for the first two quarters not yet received. The \$0.5 million of variance in the Treasure Island Mobility Management Agency Program is due to the delay in approval of toll policies; the budget is expected to be updated in the mid-year budget amendment. In addition, the favorable variance of \$1.0 million in vehicle registration fee is due to the timing of FY2019/20 revenue collections in FY20/21.

As of December 31, 2020, we incurred \$47.0 million of expenditures, including \$18.0 million in debt principal payment and service cost for the Sales Tax Revenue Bond and the revolving credit loan agreement; \$4.9 million for personnel and non-personnel expenditures; and \$24.1 million of capital project costs. Total expenditures were lower than the prorated budgetary estimates by \$67.8 million. This amount mainly includes a net non-favorable variance of \$7.1 million for debt services costs, and a favorable variance of \$73.9 million in capital project costs. The net non-favorable variance of \$7.1 million in debt service costs is due to timing of Sales Tax bond principal and interest payments, the bi-annual interest payments made in August and February. The favorable variance of million in capital project costs mainly includes, \$0.7 million in Traffic Congestion Mitigation Tax, \$7.5 million in Congestion Management Agency Programs, and \$64.0 million in the Sales Tax Program. The \$0.7 million of variance in Traffic Congestion Mitigation Tax is due to the delay of the allocation of the funds, thus, projects are starting later than anticipated. The \$7.5 million of variance in Congestion Management Agency Programs is mainly related to the Yerba Buena Island Southgate Road Realignment project. Construction activities started in June 2020 and are moving slower than anticipated at the beginning. The budget is expected to be updated in the mid-year budget amendment to reflect the project progress. The remaining \$64.0 million variances in capital project costs is mainly due to costs from project sponsors that have not yet been received. We anticipate a higher amount of reimbursement requests and expenditures in the next quarter.

Investment Compliance. As of December 31, 2020, approximately 76.5% of our investable assets, excluding the \$3.5 million of interest earned in the capital project fund held by US Bank and per the terms of the debt indenture, were invested in the Treasury Pool. These investments are in compliance with both the California Government Code and the adopted Investment Policy and provide sufficient liquidity to meet expenditure requirements for the next six months. Attachment 3 is the most recent investment report furnished by the City's Office of the Treasurer.

Agenda Item 10 Page 5 of 5

Debt Expenditure Compliance. In June 2018, Transportation Authority entered into a 3-year Revolving Credit (loan) Agreement with State Street Public Lending Corporation and US Bank for a total amount of \$140 million. As of December 31, 2020, the Transportation Authority does not have any outstanding balance in the loan.

As of December 31, 2020, the cumulative total of Prop K capital expenditures paid with bond proceeds and interest earned on bond proceeds is \$204.3 million. The available balance of remaining bond proceeds and interest earned on bond proceeds to be spent is \$3.5 million. Total earned interest to date from bond proceeds amounts to \$4.2 million. More details on these expenditures are included in Attachment 4.

COVID-19 Financial Impact. We are monitoring revenue streams and coordinating closely with the City and sister agencies to assess short-, medium-, and long-term financial impacts. While we expect our sales tax and other revenues to be significantly affected going forward, our strong financial position ensures that we can continue to support sponsors' cash needs for a multitude of public works and transit projects across the City.

FINANCIAL IMPACT

None. This is an information item.

CAC POSITION

None. This is an information item.

Investment Report for the month of December 2020

January 15, 2021

The Honorable London N. Breed Mayor of San Francisco City Hall, Room 200 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102-4638 The Honorable Board of Supervisors City and County of San Franicsco City Hall, Room 244 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102-4638

Colleagues,

In accordance with the provisions of California State Government Code, Section 53646, we forward this report detailing the City's pooled fund portfolio as of December 31, 2020. These investments provide sufficient liquidity to meet expenditure requirements for the next six months and are in compliance with our statement of investment policy and California Code.

This correspondence and its attachments show the investment activity for the month of December 2020 for the portfolios under the Treasurer's management. All pricing and valuation data is obtained from Interactive Data Corporation.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.

The full Investment Policy can be found at https://sftreasurer.org/banking-investments/investments

Totals may not add due to rounding.
