

Weigh in on the future of the Great Highway

We have been studying four ideas for the future of the Great Highway and would like to get your input on them. Your feedback will be used to inform planning for the future of the Great Highway. For more information about the study, visit our webpage at sfcta.org/d4mobility.

This survey is open through Friday, January 8, 2021.

1.

What is your home zip code?

2.

What are your priorities for the Great Highway and the surrounding neighborhood?

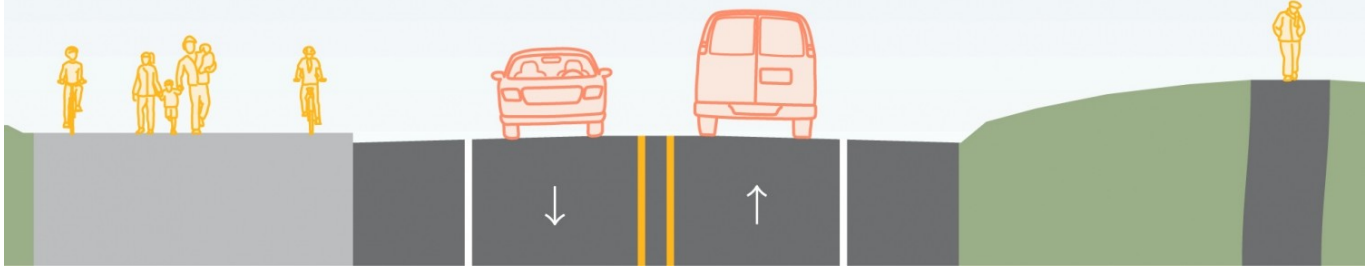

3.

Idea 1 maintains the Great Highway as a four-lane roadway with two vehicle lanes in each direction. No pedestrians are allowed on the roadway. Bicyclists are allowed to share the roadway lanes. What do you think of this idea?

4.

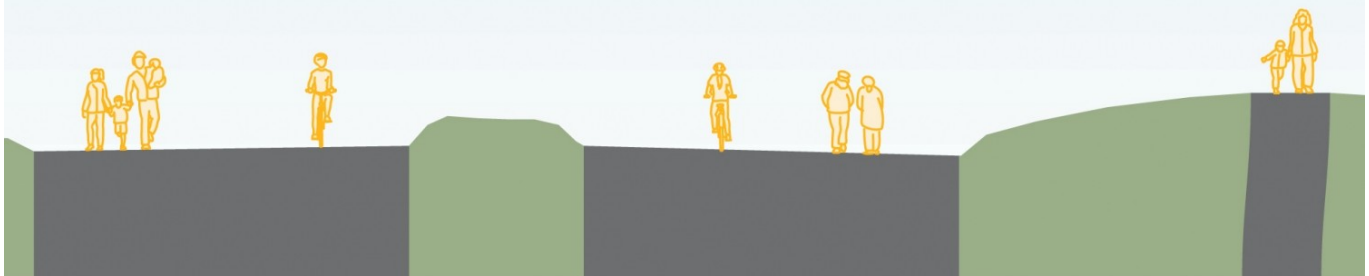

IDEA 2

Idea 2 reduces the Great Highway to one lane per direction and creates a promenade in the current southbound lanes. It requires major traffic calming and diversions to address increased traffic on local streets. It also requires reconstruction of the road at a higher cost than other options. What do you think of this idea?

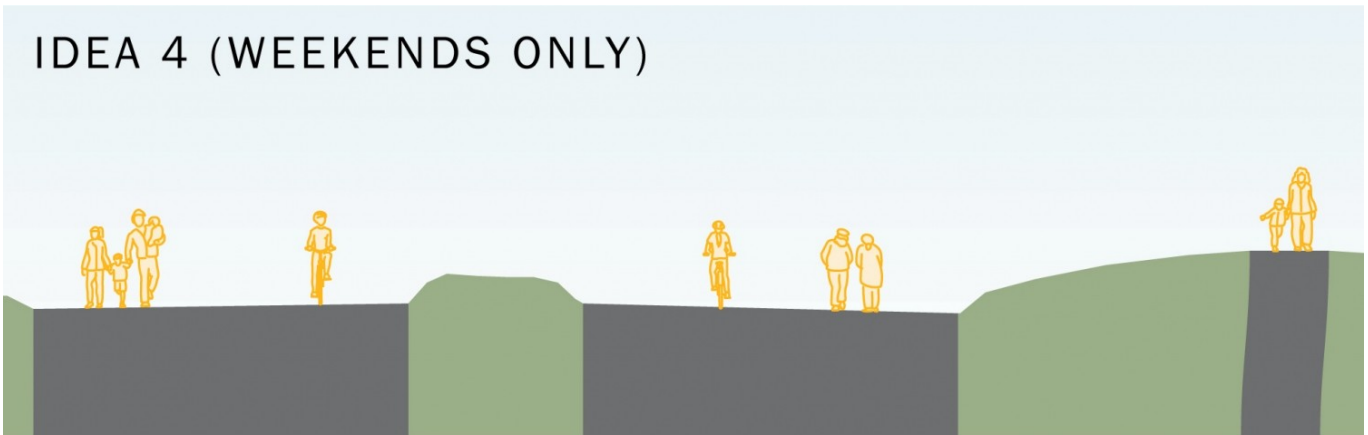

5.

IDEA 3

Idea 3 closes the Great Highway completely to vehicle traffic. The four lanes would be open for walking, biking, and other non-motorized use. It requires major traffic calming and diversions to address increased traffic on local streets. What do you think of this idea?

6.

Idea 4 keeps the Great Highway opened to vehicles on weekdays/holidays and opens it to walking, biking, and other non-motorized use on the weekends. What do you think of this idea?

7.

If you had to choose between Ideas 1 – 4, which would you choose?

Idea 1

Idea 2

Idea 3

Idea 4

8.

Do you have any final thoughts or other ideas you would like to share about the future of the Great Highway?

9.
