The above 3 scenarios are intended to support EPAC tradeoff discussions regarding the distribution of sales tax funds to programs in the New Expenditure Plan. Scenarios A, B, and C include both Priority 1 (the most conservative forecast) and Priority 2 (a modestly more optimistic forecast). The EPAC may choose one of these scenarios or create its own (hybrid).

Red highlight shows programs that have less Priority 1 funding in a given scenario compared to the prelminary draft EP or Expenditure Plan (last revised 10/4/2021).

Green highlight shows programs that have more Priority 1 funding in a given scenario compared to the prelminary draft EP or Expenditure Plan (last revised 10/4/2021).

Gold highlight shows staff proposals for Priority 2 funding based on EPAC and agency input.
