

Adopt One Bay Area Grant Cycle 3 Project Nominations

**San Francisco
County Transportation
Authority**

Agenda Item 7

September 13, 2022

One Bay Area Grant (OBAG) County Program Cycle 3

The Metropolitan Transportation Commission's (MTC's) OBAG Funding Program directs federal funds to projects that support Plan Bay Area

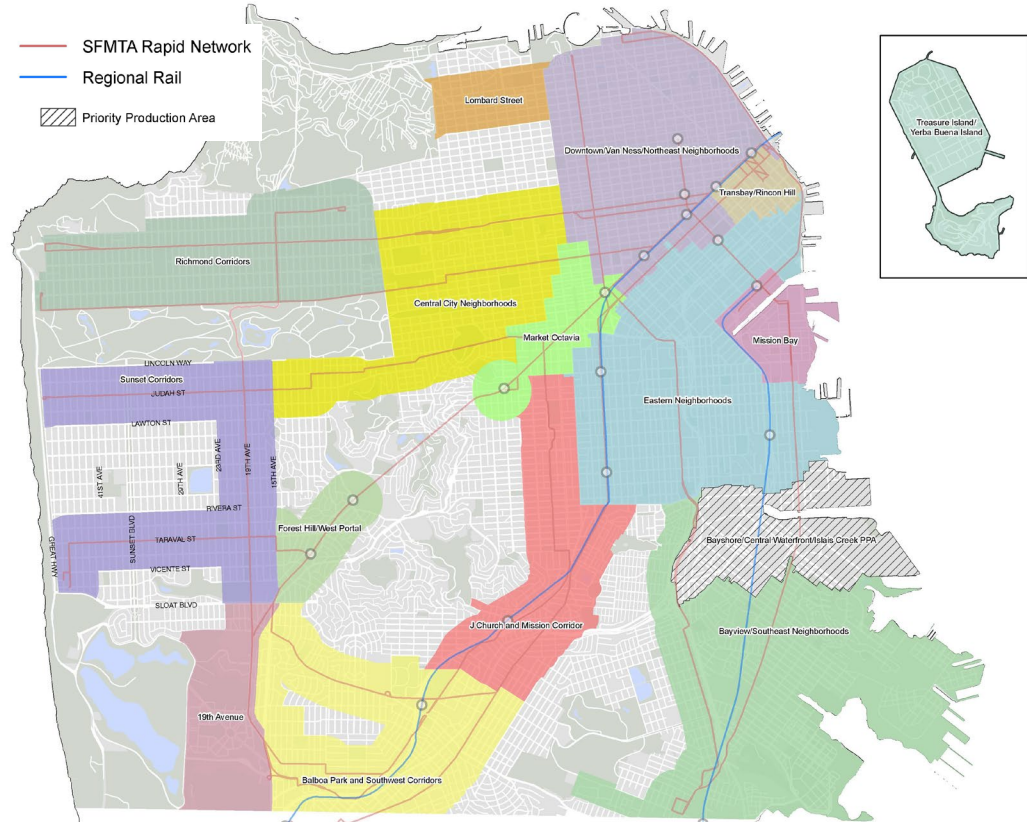

~\$340 million available for the County Program regionwide, FYs 2022/23-2025/26

- Rewards jurisdictions that accept and produce housing, particularly affordable housing
- Targets investments in Priority Development Areas (PDAs)

San Francisco
County Transportation
Authority

Priority Development Areas

Priority Development Areas (PDAs)
December 2019, San Francisco

San Francisco
County Transportation
Authority

OBAG County Program Cycle 3

County Program

- Gives flexibility to support local priorities
- Congestion Management Agencies (CMAs) submit nominations to MTC
- Must use MTC evaluation criteria
- May add county specific criteria
- MTC evaluates and selects projects for funding

San Francisco
County Transportation
Authority

OBAG County Program Cycle 3

San Francisco
County Transportation
Authority

Project eligibility includes

- Transit expansion, reliability and access improvements
- Safety and streetscape improvements
- Street resurfacing
- Transportation demand management
- Safe Routes to School (capital and non-infrastructure)
- PDA planning and implementation

OBAG County Program Cycle 3

San Francisco
County Transportation
Authority

San Francisco Project Nomination Target - 120%
\$62.1 million over 4 years (FY23-FY26)

SAN FRANCISCO OBAG 3 FUNDING FRAMEWORK DISTRIBUTION (ADOPTED MAY 2022)

Safe Routes to School Non-Infrastructure Program	\$7,082,400
CMA Planning	\$2,200,000
Competitive Call for Projects (subject of current action)	\$52,855,600
Total Project Nomination Target (120%)	\$62,138,000

OBAG 3 Call for Projects Screening & Prioritization

Most criteria come from MTC

- 70% of investments in PDA supportive projects
- Implement Plan Bay Area strategies, and consistent with regional plans and policies
- **Investments in historically underserved communities, including projects from Community Based Transportation Plans**
- **Demonstrated public support**
- **Demonstrated ability to meet project delivery requirements**

San Francisco

Elevator Modernization for 16 th St, 24 th St, and Balboa Park (BART)	\$4,945,000	\$0
Yerba Buena Island Multi-Use Pathway (SFCTA)	\$5,000,000	\$3,000,000
Next Generation Fare Gates in SF (BART)	\$12,500,000	\$9,259,600
Embarcadero Resilience Master Plan (SF PORT)	\$8,000,000	\$0
TOTAL	\$71,041,000	\$52,855,600

Bayview Community Multimodal Corridor (SFMTA)

Construction

OBAG 3 request: \$5,000,000

Total cost: \$13,495,000

Establish an alternative to 3rd Street for people walking and biking by creating a designated route east of 3rd Street between Cargo Way and Carroll Avenue.

- Addresses safety and accessibility needs on wide roadways through the residential neighborhood
- Includes non-infrastructure scope (\$857,000)
- Open for use December 2027

Bayview Multimodal Community Corridor
Project Boundaries, Access, and Destinations

Central Embarcadero Safety Project (SFMTA)

Construction

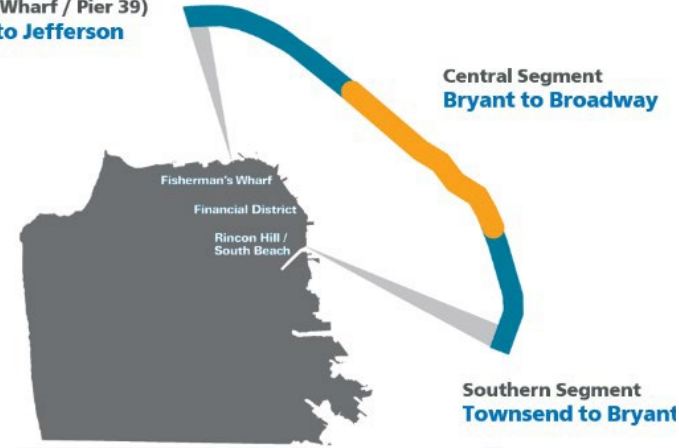

OBAG 3 request: \$6,320,000

Total cost: \$7,320,000

Safety measures along The Embarcadero between Bryant and Broadway, on the Vision Zero High Injury Network.

- Extends protected bikeway from Folsom to Bryant enhances physical protection of existing bikeway from Mission to Broadway, and other traffic-calming measures
- Environmental review and design underway
- Open for use December 2025

Northern Segment (including Fisherman's Wharf / Pier 39)
Broadway to Jefferson

Geographic segments of the Embarcadero.

West Side Bridges Seismic Retrofit (SFCTA)

Construction

OBAG 3 request: \$10,000,000

Total cost: \$112,900,000

Retrofit eight bridge structures along Treasure Island Road to meet current seismic standards

- Bridges connect Yerba Buena Island, Treasure Island (TI), and the Bay Bridge
- Critical infrastructure for the Equity Priority Community on TI and Yerba Buena Island, supports 8,000 units of new housing, and transit-only westbound on-ramp to Bay Bridge
- Shovel Ready; Open for use February 2026

West Side Bridges.

29 Sunset Improvement Phase 1 (SFMTA) Construction

OBAG 3 request: \$5,976,000

Total cost: \$11,750,000

Improve travel time, reliability, and passenger experience on the Muni 29 Sunset bus route

- Western segment from Bowley Street and Lincoln Boulevard to Junipero Serra Boulevard and Holloway Avenue
- Includes pedestrian safety scope elements
- Outreach starting Fall 2022
- Open for use December 2026

29 Sunset Improvement Project Phase 1

Elevator Modernization Project, Phase 1.3 (BART)

Construction

OBAG 3 request: \$13,300,000

Total cost: \$36,000,000

Modernize and renovate eight existing elevators at Embarcadero, Montgomery St, Powell St, Civic Center/UN Plaza, and Glen Park Stations

- Modernizing guides, cab and hoistway door panels, heating/ventilation/ air condition, and communication systems
- Shared BART/SFMTA downtown station elevators
- Open for use Spring 2029

Street elevator at Powell St station, December 2021.

Yerba Buena Island (YBI) Multi-Use Pathway (SFCTA)

Design

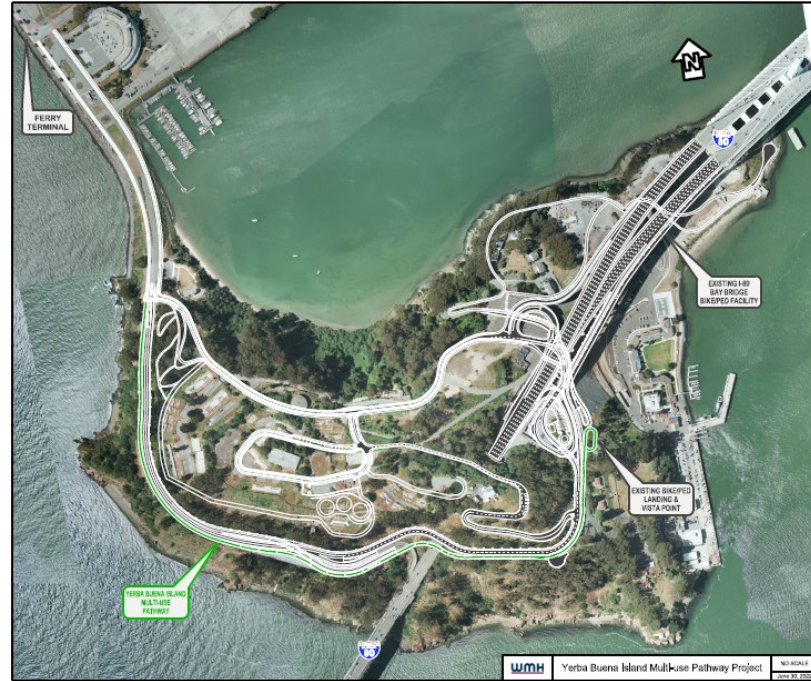

OBAG 3 request: \$5,000,000

OBAG 3 recommended: \$3M

Total cost: \$6,800,000

Create a new pedestrian and bicycle facility that extend from the bicycle landing on YBI from eastern span of the Bay Bridge to new Treasure Island Ferry Terminal

- \$2M requested for construction, not recommended by staff
- Open for use June 2027

Next Generation Fare Gates in San Francisco (BART)

Construction

OBAG 3 request: \$12,500,000

OBAG 3 recommended: \$9,259,600

Total cost: \$25,012,000

New state-of-the-art swing-style faregates to replace the 199 existing faregates at the nine San Francisco BART stations

- Modular components, reduces downtime, improves maintainability
- Existing faregates at end of useful life
- Open for use November 2026

Prototype implemented at Embarcadero Station

OBAG 3 County Program Call for Projects Schedule

San Francisco
County Transportation
Authority

September 7: Community Advisory Committee

September 13 & 27: Transportation Authority Board

September 30: Project nominations due to MTC

January 2023: MTC selects projects and programs funds

Thank you.
