DISCUSSION

The selection of each member is approved at-large by the Board; however the Board has had a practice of ensuring that there is one resident of each supervisorial district on the CAC. Per Section 5.2(a) of the Administrative Code, the CAC:

“...shall include representatives from various segments of the community, such as public policy organizations, labor, business, seniors, people with disabilities, environmentalists, and

the neighborhoods, and reflect broad transportation interests. The committee is also intended to reflect the racial and gender diversity of San Francisco residents.”

An applicant must be a San Francisco resident to be considered eligible for appointment. Applicants are asked to provide residential location and areas of interest but provide ethnicity and gender information on a voluntary basis. CAC applications are distributed and accepted on a continuous basis. CAC applications were solicited through the Transportation Authority’s website, Commissioners’ offices, and email blasts to community-based organizations, advocacy groups, business organizations, as well as at public meetings attended by Transportation Authority staff or hosted by the Transportation Authority. Applications can be submitted through the Transportation Authority’s website at www.sfcta.org/cac.

All applicants have been advised that they need to appear in person before the Board in order to be appointed, unless they have previously appeared. If a candidate is unable to appear before the Board on the first appearance, they may appear at the following Board meeting in order to be eligible for appointment.

FINANCIAL IMPACT

The requested action would not have an impact on the adopted Fiscal Year 2022/23 budget.

CAC POSITION

None. The CAC does not make recommendations on the appointment of CAC members.

Statement of qualifications:

I have been a San Francisco resident for four-and-a-half years. During this time, I have used every public transportation method (including over one year of commute by Caltrain). I also bike to work and own a car that is street parked. My background is in operations and facility planning. I often manage budgets, review best use cases, and look at monetary investments for a variety of business projects. I am an avid reader, willing to deep dive into subjects.

Statement of objectives:

San Francisco is a wonderful city that must continue to take a critical look at how its public transit infrastructure can be improved. My goals in joining the committee are to advocate the following: equitable transportation options that reflect the changing landscape of the city from 50 years ago; understanding the current infrastructure projects to help ensure all factors of transportation are considered; put further safety measures in place for bicyclists and pedestrians; encourage the use of public transportation for all city residents.
