

Prop K Allocation Requests

SFCTA Board

**San Francisco
County Transportation
Authority**

Agenda Item 7

October 18, 2022

Bayview Station Preliminary Design and Pre-Environmental (SFCTA) Planning

Prop K request: \$800,000

Finalize selection of a new Caltrain station location through community input and prepare for environmental approval

- Continue community outreach & engagement
- Advance station design(s) and provide info on ridership, cost, funding, and access
- Prepare to advance selected station to Environmental Clearance
- Staff shall present a final report to the Board for approval

San Francisco Ferry Terminal Security Improvement (GGBHTD) Design

Prop K request: **\$347,000**

Total Cost: **\$347,000**

Security improvements at SF Ferry Terminal

- Deter and prevent unauthorized entry
- Improvements to existing fencing, construction of additional fencing, improved terminal access controls
- Open for use September 2024

Current Port fencing condition: Terminal Southwest

Current Port fencing condition: South building

Application-Based Traffic Calming Program

FY20-21 Cycle Construction (SFMTA)

Prop K request: \$2,762,000

Construct ~200 traffic calming measures to slow vehicle speeds on residential streets

- Accepted locations from applications received in June 2020
- 102 site-specific locations
- Speed humps, speed cushions, speed tables, and raised crosswalks
- 5YPP amendment
- Open for use by September 2023

Application-Based Traffic Calming Program

FY21-22 Cycle (SFMTA) Design

Prop K request: \$312,000

Design ~396 traffic calming measures to slow vehicle speeds on residential streets

- Accepted locations from applications received in June 2021
- 208 site-specific locations
- Speed humps, speed cushions, speed tables, and raised crosswalks
- 5YPP amendment
- Open for use by December 2024

Schools Engineering Program

FY22-23 Cycle (SFMTA) Planning, Design, and Construction

Prop K request: \$280,000

Annual program for engineering improvements as part of San Francisco's Safe Routes to School Program

- Conduct 5 walk audits in 2022-2023 school year
- Design and construct 30 low-cost, relatively easy to implement measures
- Open for use by March 2025

Thank you.
