

BD012423

RESOLUTION NO. 23-29

RESOLUTION ALLOCATING \$190,000 IN PROP K SALES TAX FUNDS WITH CONDITIONS, TO THE SAN FRANCISCO MUNICIPAL TRANSPORTATION AGENCY FOR SLOAT AND SKYLINE INTERSECTION IMPROVEMENTS

WHEREAS, The Transportation Authority received a request from the San Francisco Municipal Transportation Agency (SFMTA) for \$190,000 in Prop K local transportation sales tax funds to design new traffic signals at the intersection of Skyline Boulevard, Sloat Boulevard, and 39th Avenue to improve traffic, pedestrian, and bicycle safety, and right of way allocations at the intersection, as summarized in Attachments 1 and 2; and

WHEREAS, The request seeks funds from the New Signals and Signs category in the Prop K Expenditure Plan; and

WHEREAS, As required by the voter-approved Expenditure Plan, the Transportation Authority Board has adopted a Prop K 5-Year Prioritization Program (5YPP) for the aforementioned Expenditure Plan programmatic category; and

WHEREAS, The SFMTA's request for the Sloat and Skyline Intersection Improvements project requires amendment of the New Signals and Signs 5YPP as summarized in Attachment 2 and detailed in the allocation request form (Attachment 5); and

WHEREAS, After reviewing the request, Transportation Authority staff recommended allocating \$190,000 in Prop K funds to the SFMTA for the Sloat and Skyline Intersection Improvements Project, as described in Attachment 3 and detailed in the allocation request form, which include staff recommendations for the Prop K allocation amount, required deliverables, timely use of funds requirements, special conditions, and Fiscal Year Cash Flow Distribution Schedule; and

WHEREAS, There are sufficient funds in the Capital Expenditures line item of the Transportation Authority's approved Fiscal Year 2022/23 budget to cover the proposed action; and

WHEREAS, At its November 30, 2022 meeting, the Community Advisory Committee was briefed on the subject request and unanimously adopted a motion of support for the staff recommendation; and

WHEREAS, At the Transportation Authority Board considered this request at its December 6, 2022 and January 24, 2023 meetings; now, therefore, be it

BD012423

RESOLUTION NO. 23-29

RESOLVED, That the Transportation Authority hereby amends the Prop K New Signals and Signs 5YPP as detailed in the attached allocation request form; and be it further

RESOLVED, That the Transportation Authority hereby allocates \$190,000 in Prop K funds with conditions, to the SFMTA for Sloat and Skyline Intersection Improvements, as summarized in Attachment 3 and detailed in the attached allocation request form; and be it further

RESOLVED, That the Transportation Authority finds the allocation of these funds to be in conformance with the priorities, policies, funding levels, and prioritization methodologies established in the Prop K Expenditure Plan, the Prop K Strategic Plan, and the relevant 5YPP; and be it further

RESOLVED, That the Transportation Authority hereby authorizes the actual expenditure (cash reimbursement) of funds for these activities to take place subject to the Fiscal Year Cash Flow Distribution Schedule detailed in the attached allocation request form; and be it further

RESOLVED, That the Capital Expenditures line item for subsequent fiscal year annual budgets shall reflect the maximum reimbursement schedule amounts adopted and the Transportation Authority does not guarantee reimbursement levels higher than those adopted; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the Executive Director shall impose such terms and conditions as are necessary for the project sponsor to comply with applicable law and adopted Transportation Authority policies and execute Standard Grant Agreements to that effect; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the project sponsor shall provide the Transportation Authority with any other information it may request regarding the use of the funds hereby authorized; and be it further

RESOLVED, That the Capital Improvement Program of the Congestion Management Program is hereby amended, as appropriate.

										Lev	veraging		
Source	EP Line No./ Category 1	Project Sponsor ²	Project Name	Current Prop K Request	Prop K 2022/23	Prop K 2023/24	Prop K 2024/25	Prop K 2025/26	Total Cost for Requested Phase(s)	Leveraging	Actual Leveraging by Project Phase(s) ⁴	Phase(s) Requested	District(s)
Prop K	31	SFMTA	Sloat and Skyline Intersection Improvements	\$ 190,000		190,000			\$ 190,000	26%	0%	Design	4,7
			TOTAL	\$ 190,000	\$ -	\$ 190,000	\$ -	\$ -	\$ 190,000	26%	0%		

Footnotes

"EP Line No./Category" is either the Prop K Expenditure Plan line number referenced in the 2021 Prop K Strategic Plan or the Prop AA Expenditure Plan category referenced in the 2022 Prop AA Strategic Plan, including: Street Repair and Reconstruction (Street), Pedestrian Safety (Ped), and Transit Reliability and Mobility Improvements (Transit) or the Traffic Congestion Mitigation Tax (TNC Tax) category referenced in the Program Guidelines.

Acronyms: SFMTA (San Francisco Municipal Transportation Agency); SFPW (San Francisco Public Works)

"Expected Leveraging By EP Line" is calculated by dividing the total non-Prop K funds expected to be available for a given Prop K Expenditure Plan line item (e.g. Pedestrian Circulation and Safety) by the total expected funding for that Prop K Expenditure Plan line item over the 30-year Expenditure Plan period. For example, expected leveraging of 90% indicates that on average non-Prop K funds should cover 90% of the total costs for all projects in that category, and Prop K should cover only 10%.

"Actual Leveraging by Project Phase" is calculated by dividing the total non-Prop K, non-Prop AA, or non-TNC Tax funds in the funding plan by the total cost for the requested phase or phases. If the percentage in the "Actual Leveraging" column is lower than in the "Expected Leveraging" column, the request (indicated by yellow highlighting) is leveraging fewer non-Prop K dollars than assumed in the Expenditure Plan. A project that is well leveraged overall may have lower-than-expected leveraging for an individual or partial phase.

Attachment 2: Brief Project Description ¹

EP Line No./ Category	Project Sponsor	Project Name Prop K Funds Requested		Project Description
31	SFMTA	Sloat and Skyline Intersection Improvements	\$ 190,000	This request will fund the design phase of new traffic signals at Skyline Boulevard/Sloat Boulevard/39th Avenue to improve traffic, pedestrian, bicycle safety, and right of way allocations at the intersection. The signals will also accommodate traffic diversions and minimize potential Muni delays resulting from the upcoming Great Highway extension closure between Sloat and Skyline for the upcoming Ocean Beach Climate Change Adaptation Project. The scope of work includes new traffic signals (mast arms, signal heads, controllers, conduit, wiring, and poles), pedestrian countdown signals, accessible (audible) pedestrian signals, and curb ramps. Final design will be begin in early 2023 and last 5 months. SFMTA plans to fund construction with a \$1.2 million state earmark secured for the project by Assemblyman Ting. The project is expected to be open for use by December 2023.

REQUEST

Brief Project Description

This request will fund the design phase of new traffic signals at Skyline Boulevard/Sloat Boulevard/39th Avenue to improve traffic, pedestrian, bicycle safety, and right of way allocations at the intersection. The scope of work includes new traffic signals (mast arms, signal heads, controllers, conduit, wiring, and poles), pedestrian countdown signals, accessible (audible) pedestrian signals, and curb ramps.

Detailed Scope, Project Benefits and Community Outreach

Detailed Scope, Project Benefits, and Community Outreach

Background and Scope

The San Francisco Municipal Transportation Agency (SFMTA) is seeking \$190,000 in Proposition K Sales Tax funds toward the design phase of new traffic signals at Skyline Boulevard, and Sloat Boulevard, and 39th Avenue.

Please note that the preliminary phase for this project was funded by General Fund Population Based Streets funds in the amount of \$150,000. Construction phase in the amount of \$1,200,000 is proposed to be funded by a state earmark funding proposed by Assembly Budget Chair Phil Ting, through Senate Bill 178.

The new traffic signals are proposed to improve right-of-way allocation and to reduce vehicle and transit delays associated with the upcoming closure of Great Highway Extension south of Sloat Boulevard. The intersection is on the city's Vision Zero High-Injury Network.

The scope of work includes all necessary signal infrastructure including new 12" signal heads and mast arms, new signal poles, pedestrian countdown signals, accessible pedestrian signals, updated curb ramps where they are needed, streetlighting, and related signal work. In addition, civil work will modify an existing median to allow for an additional left turn pocket for northbound Skyline Boulevard. Location Selection Criteria

Skyline Boulevard is a major north-south arterial street connecting the west side of San Francisco to the Peninsula. Sloat Boulevard becomes State Route 35 through the Project location. The Project location is partially within the Caltrans right-of-way and is adjacent to retail and/or recreational facilities, including Lakeshore Plaza, the San Francisco Zoo, Lake Merced, and the Pomeroy

Rehabilitation Center for the Disabled. The following three major Muni lines service the area: 18 46th Avenue, 23 Monterey, and 58 Lake Merced.

Through several safety improvements, the signal project's goal is to improve traffic, pedestrian, bicycle safety, and right-of-way allocations at the intersection of Skyline Boulevard, Sloat Boulevard, and 39th Avenue. The signals are especially needed to signalize existing pedestrian crossings at 45 mph roadways that are presently uncontrolled.

The signals will also accommodate traffic diversions and minimize potential Muni delays resulting from the upcoming closure of the Great Highway Extension between Sloat and Skyline due to the upcoming Ocean Beach Climate Change Adaptation Project. In addition, this Project will coordinate with an upcoming Sloat Quick Build project between Skyline and the Great Highway. **Implementation**

Following the start of this project earlier this year, SFMTA staff realized that additional design and civil work is necessary to bring curb ramps up to the latest standards. Additional civil work was also needed to modify an existing median to add an additional left turn pocket for Northbound Skyline. The proposed project schedule & budget reflect that functionally, the work that has been undertaken to date for this project is preliminary engineering work. Proposition K funds are proposed to fund the design phase.

Please note that since the work at Sloat, Skyline, and 39th Avenue will be implemented via change order to the Contract 65 New Traffic Signals project which started construction on October 11, 2022, the charges for this design phase allocation will occur during the construction phase for Contract 65. SFMTA's Sustainable Streets Division has been managing the scope of the planning/conceptual engineering and detailed design. San Francisco Public Works (SFPW's) Infrastructure Design and Construction (IDC) division will manage the issuance and administration of the contract for construction through a change order to the competitively bid contract New Traffic Signals Contract 65 project.

Community Outreach

Project work was deemed to be Categorically Exempt by the San Francisco Planning Department on September 9, 2022.

A public hearing was already held on September 23, 2022 where there was public discussion on this project. The project received the following community input: one email in support was received ahead of the public hearing, one comment in opposition during the public hearing regarding effects of an upcoming ballot measure proposing changes in the vicinity of the proposed new signals, and one comment in support during the public hearing.

On September 30, 2022, the scope of work proposed for this project was approved by the City Traffic Engineer for implementation.

Project Location

The signals will be at Skyline Boulevard/Sloat Boulevard/39th Avenue

Prop K 5YPP Amount:	\$0

Justification for Necessary Amendment

Request includes an amendment to the New Signals and Signs 5YPP to reprogram \$190,000 from New Signal Contract 66 to the subject project. The SFMTA is planning to request construction funds for Contract 66 once design is complete, which is anticipated later this fiscal year. SFMTA will need to seek additional funds to fully fund the Contract 66 scope. See attached 5YPP amendment for details.
