Subject: Storer 913; CA 10-5059; Expired Permit; 24/Church; Sep 28, 2023

Thursday, September 28, 2023 at 8:52 am, Storer 913 displaying expired permit 10-5059 occupied the 24th/Church designated white zone.

Permit authorization stickers must be renewed each year. Sticker renewal takes place at a set time each year, so that a permit authorization sticker approved mid-year must be renewed during the general renewal period. However, new applications are accepted on a rolling basis, as are applications from an existing permit holder to add or change fleet vehicles covered by the permit. Permit authorization stickers are assigned to an individual vehicle as identified by their license plate number
