

BD101723

RESOLUTION APPROVING SAN FRANCISCO'S PROGRAM OF PROJECTS FOR THE 2024 REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, The State Transportation Improvement Program (STIP) is a fiveyear investment plan for state transportation money, distributed through the Regional Transportation Improvement Program (RTIP) and the Interregional Improvement Program which can fund a wide variety of projects including major transit expansion, highway repair and redesign, and bicycle and pedestrian projects; and

WHEREAS, As Congestion Management Agency (CMA) for San Francisco, the Transportation Authority is responsible for programming San Francisco's county share of RTIP funds, subject to approval by the Metropolitan Transportation Commission (MTC) and the California Transportation Commission (CTC); and

WHEREAS, The Transportation Authority has longstanding RTIP project priorities which designate the SFMTA's Central Subway first priority, MTC's Advance for Presidio Parkway second priority, and the Transbay Joint Power Authority's (TJPA's) The Portal/Caltrain Downtown Extension Project third priority until their commitments are fulfilled as shown in Attachment 1; and

WHEREAS, The Transportation Authority must submit its approved 2024 RTIP priorities to MTC by November 1, 2023; and

WHEREAS, For the 2024 RTIP, San Francisco has a total of \$36,042,000 in RTIP funds that can be programmed in Fiscal Years 2026/27 through 2028/29 and that are split into two categories: \$1,115,000 for planning, programming and monitoring (PPM) and \$34,927,000 for RTIP-eligible capital projects (Attachment 2);

WHEREAS, CTC guidelines allow a portion of RTIP funds to be used for Planning, Programming, and Monitoring (PPM) activities such as regional transportation planning, program development, and oversight of state and federally funded projects; and

WHEREAS, MTC and the CMAs have a long-standing arrangement to split PPM funds in recognition of the role each agency plays in advancing the state's transportation goals; and

WHEREAS, Transportation Authority staff recommend programming \$972,000 for the Transportation Authority and \$188,000 for MTC in PPM funds; and

WHEREAS, With respect to the \$34,927,000 available for RTIP-eligible capital projects, Transportation Authority staff recommend that the RTIP priorities be addressed out of order to fulfill the \$17,847,000 commitment to The Portal to support its time sensitive efforts toward securing a \$4+ billion federal Capital Investment Grant; and

WHEREAS, The Transportation Authority cannot program RTIP funds directly to The Portal because the project's progressive design-build contract is not compatible with CTC RTIP guidelines; thus, Transportation Authority staff proposes to fulfill this commitment through a cost-neutral Prop L/RTIP fund exchange that will involve funds proposed for the SFMTA's New Flyer Midlife Overhaul – Phase III project in the upcoming Prop L Muni Maintenance 5-Year Prioritization Program that will be before the Board for adoption in fall 2023; and

WHEREAS, At SFMTA's request and after evaluating the project against the CTC's and MTC's guidelines, Transportation Authority staff recommended programming the \$17,080,000 in remaining 2024 RTIP capital funds to the SFMTA's New Flyer Midlife Overhaul Phase III project, in addition to \$10,642,000 in previously programmed FY 2025/26 RTIP funds from the SFMTA's Train Control Upgrade – Phase 3 N Judah project, which isn't a good fit with the RTIP guidelines; and

WHEREAS, The staff recommendations, as shown in Attachment 3, would recommend a total of \$45,569,000 in RTIP funds for the New Flyer Midlife Overhaul Phase III project, which will improve reliability, prevent service interruptions, and reduce maintenance costs of the SFMTA's electric trolley and motor coach fleet; and

WHEREAS, MTC and SFMTA staff have expressed support for the recommended 2024 RTIP Program of Projects, with the condition that both MTC's and SFMTA's remaining RTIP commitments be treated with equal priority in the 2026 RTIP, which is reflected in Attachment 4 showing the Transportation Authority's proposed remaining RTP commitments; and

WHEREAS, Attachment 5 contains Project Programming Request Forms with additional detail on the scope, schedule, cost and funding for the New Flyer Midlife Overhaul Project Phase III and PPM projects; and

WHEREAS, At its September 27, 2023 meeting, the Community Advisory Committee considered the staff recommended 2024 RTIP Program of Projects and unanimously adopted a motion of support for the staff recommendation; now, therefore let it be

RESOLVED, That the Transportation Authority hereby adopts San Francisco's 2024 RTIP Program of Projects, with conditions, as shown in Attachment 3; and be it further

RESOLVED, That the Executive Director is authorized to communicate this information to MTC by its deadline and to all other relevant agencies and interested parties.

Attachment 1 San Francisco County Transportation Authority Current Remaining Regional Transportation Improvement Program (RTIP) Commitments¹ Last Amended October 2021 (Res. 22-12), Updated with Lapsed Funds March 2023

| | | Remaining RTIP | | |
|---|---------------|----------------|---------------------------|------------------------|
| | Initial RTIP | Commitment | | Current Remaining |
| Project ² | Commitment | (Oct. 2021) | Lapsed Funds ⁵ | RTIP Commitment |
| Presidio Parkway [Fulfilled] | \$84,101,000 | \$0 | | \$0 |
| Central Subway [1st priority] 3, 5 | \$92,000,000 | \$19,027,654 | (\$13,752,000) | \$32,779,654 |
| MTC STP/CMAQ Advance for Presidio Parkway | | | | |
| [2nd priority] ⁴ | \$34,000,000 | \$31,000,000 | | \$31,000,000 |
| Caltrain Downtown Extension [3rd priority] ⁵ | \$28,000,000 | \$17,847,000 | | \$17,847,000 |
| Caltrain Electrification [Fulfilled] | \$24,000,000 | \$0 | | \$0 |
| Total | \$262,101,000 | \$67,874,654 | (\$13,752,000) | \$81,626,654 |

¹ Based on Transportation Authority Board-adopted RTIP priorities last amended by Resolution 22-12, October 26, 2021.

² Acronyms include Congestion Mitigation and Air Quality (CMAQ), Metropolitan Transportation Commission (MTC), San Francisco County Transportation Authority (SFCTA), San Francisco Municipal Transportation Agency (SFMTA), and Surface Transportation Program (STP).

³ Central Subway is currently the SFCTA's highest priority for future RIP funds. Since sufficient RTIP funds were unavailable when SFMTA was awarding the construction contracts, we are honoring this commitment by programming new RIP funds when they become available to other SFMTA eligible projects to comply with RTIP guidelines.

⁴ Through Resolution 12-44, the SFCTA accepted MTC's proposed advance of \$34 million in STP/CMAQ funds for Presidio Parkway to be repaid with future county share RTIP funds. Repayment of the advance, i.e. by programming RIP funds to a project or projects of MTC's choice, is the second priority after the Central Subway.

On September 22, 2021 as part of its approval of the 2022 RTIP guidelines, the MTC reduced the Transportation Authority's remaining commitment by \$3 million, contingent on the Transportation Authority allocating \$3 million in local funds to serve as MTC's contribution to the next phase of project development for the Caltrain Downtown Extension project.

⁵ In March 2023, SFMTA was unable to meet timely use of funds deadlines for \$13,752,000 in previously-obligated 2018 RTIP funds; thus the funds lapsed (i.e., were deobligated consistent with RIP guidelines) and will be available for reprogramming in the 2024 RTIP.

Attachment 2.

2024 Regional Transportation Improvement Program (RTIP)

New Funds Available for San Francisco

The 2024 RTIP covers five years (Fiscal Years (FYs) 2024/25 – 2028/29). However, the California Transportation Commission has advised that new project programming is largely available only in the last two years, FY 2027/28 and FY 2028/29, and a smaller amount in FY 2026/27.

| Programming Category | San Francisco County Share – New Programming | Eligible Activities |
|--|--|---|
| Planning, Programming, and Monitoring (PPM) | SFCTA: \$927,000 MTC: \$188,000 PPM subtotal: \$1,115,000 | Up to 5% allowable per 3-year county share period (different than 5-year range of the RTIP) for PPM activities including regional transportation planning, program development, and project monitoring. MTC and the CMAs have a long-standing arrangement to split the PPM in recognition of the role each agency plays in advancing the state's transportation goals. |
| Capital Projects | Lapsed funds ¹ : \$13,752,000 New formula distribution: \$21,175,000 Capital Projects subtotal: \$34,927,000 | Capital projects to improve transportation, including highways, local roads, bicycle and pedestrian facilities, and transit projects. For the 2024 RTIP, transit projects must be State Constitution Article XIX compliant (e.g. no rolling stock) or must seek federal-only funding and provide required matching funds. Can fund environmental, design, right of way and construction phases. |
| Total: | \$36,042,000 | |

¹ In March 2023, SFMTA was unable to meet timely use of funds deadlines for \$13,752,000 in funds previously obligated to Train Control Upgrade Project Phase 1 & 2 in the 2018 RTIP; thus the funds lapsed (i.e., were deobligated consistent with RIP guidelines) and are available for programming in the 2024 RTIP.

Attachment 3 Proposed San Francisco 2024 Regional Transportation Improvement Program (RTIP) Programming Priorities

| Project Totals by Fiscal Year (\$ 1,000's) CTC has advised that new project programming is largely available only in the | | | | | | | | |

| | mmed to 2022 RTIP Priorities | \$8,799 | \$8,239 | \$469 | \$91 | | | |
| New 2024 RTIP Pro | ogramming Priorities | | | | | | | |
| SFMTA | New Flyer Midlife Overhaul - | \$45,569 | | | \$45,569 | | | Construction |
| | Phase III ⁴ | + , | | | <i> </i> | | | |
| SFCTA | Planning, programming, and | \$927 | | | \$326 | \$327 | \$274 | n/a |
| | Monitoring | \$ 021 | | | 4020 | Ψ021 | Ψ27 1 | n/a |
| МТС | Planning, Programming, and | \$188 | | | | \$93 | \$95 | n/a |
| | Monitoring | | | | | | | 1, 4 |
| Prop | osed 2024 RTIP Programming | \$46,684 | | | \$326 | \$420 | \$369 | |
| | | | | | | | | |
| | Total RTIP Funds Available | \$46,684 | | | | | | |
| | Surplus/(Shortfall) | \$0 | | | | | | |

¹ Acronyms include the Metropolitan Transportation Commission (MTC), San Francisco County Transportation Authority (SFCTA), and San Francisco Municipal Transportation Agency (SFMTA).

² This project was programmed as New Flyer Midlife Overhaul - Phase III in the 2022 RTIP. As part of the 2024 RTIP, SFMTA has requested that this project be renamed New Flyer Midlife Overhaul - Phase II, with minor changes to programming and scope. The 2024 RTIP recommendations include new programming for the next phase of this project called New Flyer Midlife Overhaul - Phase III.

³As part of the 2024 RTIP, SFCTA recommends with SFMTA concurrence, reprogramming \$10,642,000 from Train Control Upgrade - Phase 3 N Judah to its New Flyer Midlife Overhaul - Phase III project in FY 2026/27. SFMTA's procurement process and project delivery approach for the train control project are not a good fit with the RTIP guidelines. SFMTA is seeking other funds, including Prop L, for the train control project.

⁴ The recommended programming of \$45,569,000 to the New Flyer Midlife Overhaul - Phase III project in FY 2026/27 is made up of:

- \$21,175,000 in new 2024 RTIP funds (including \$17,847,000 from a proposed Prop L/RTIP exchange to fulfill the SFCTA's RTIP committment to The Portal);

- \$13,752,000 in lapsed funds deprogrammed from Train Control Upgrade - Phases 1 & 2 due to SFMTA's inability to meet timely use of funds deadlines; and

- \$10,642,000 reprogrammed from Train Control Upgrade - Phase 3 N Judah (see note 3).

Attachment 4 San Francisco County Transportation Authority Proposed Remaining Regional Improvement Program (RIP) Commitments¹ Proposed October 2023

| | | | | Proposed |
|---|--------------|-----------------------|-----------------|---------------|
| | Initial RIP | Current Remaining | Proposed New | Remaining RIP |
| Project ² | Commitment | RIP Commitment | Funds 2024 RTIP | Commitment |
| Presidio Parkway [Fulfilled] | \$84,101,000 | \$0 | | \$0 |
| Central Subway [2026 RTIP priority TBD] ^{3, 4} | \$92,000,000 | \$32,779,654 | \$17,080,000 | \$15,699,654 |
| MTC STP/CMAQ Advance for Presidio | | | | |
| Parkway[2026 RTIP priority TBD] ⁴ | \$34,000,000 | \$31,000,000 | | \$31,000,000 |
| Caltrain Downtown Extension [Fulfilled] 5, 6 | \$28,000,000 | \$17,847,000 | \$17,847,000 | \$0 |
| Caltrain Electrification [Fulfilled] | \$24,000,000 | \$0 | | \$0 |
| Total | \$52,000,000 | \$81,626,654 | \$34,927,000 | \$46,699,654 |

¹ Based on Transportation Authority Board-adopted RTIP priorities last amended by Resolution XX-XX, DATE.

² Acronyms include Congestion Mitigation and Air Quality (CMAQ), Metropolitan Transportation Commission (MTC), San Francisco County Transportation Authority (SFCTA), San Francisco Municipal Transportation Agency (SFMTA), and Surface Transportation Program (STP).

³ Since sufficient RTIP funds were unavailable when SFMTA was awarding the Central Subway construction contracts, SFCTA is honoring this commitment by programming new RTIP funds when they become available to other SFMTA eligible projects to comply with RTIP guidelines.

⁴ Both MTC and SFMTA are interested in having their RTIP commitment treated as first priority in the 2026 RTIP. When the Fund Estimate is available for the 2026 RTIP programming cycle (anticipated in 2025), SFCTA agrees to work with MTC and SFMTA to evaluate the funds available; readiness and urgency of proposed projects by each agency; and RTIP project delivery track record when developing San Francisco's 2026 RTIP programming recommendations. SFCTA's remaining RTIP commitments to MTC and SFMTA shown above have equal priority.

⁵ Through Resolution 12-44, the SFCTA accepted MTC's proposed advance of \$34 million in STP/CMAQ funds for Presidio Parkway to be repaid with future county share RIP funds. Repayment of the advance, i.e. by programming RIP funds to a project or projects of MTC's choice, is the second priority after the Central Subway.

On September 22, 2021 as part of its approval of the 2022 RTIP guidelines, the MTC reduced the Transportation Authority's remaining commitment by \$3 million, contingent on the Transportation Authority allocating \$3 million in local funds to serve as MTC's contribution to the next phase of project development for the Caltrain Downtown Extension project.

⁶ Fulfilling the Caltrain Downtown Extension (DTX) RIP commitment is conditioned upon Board approval of a fund exchange to program \$17,847,000 in Prop L funds from the Muni Maintenance 5-Year Prioritization Program (5YPP) to DTX, scheduled for Board consideration in November 2023, with an equal amount of RTIP funds to be programmed to SFMTA's New Flyer Midlife Overhaul - Phase III project.

New Flyer Midlife Overhaul - Phase III

Location (Project Limits), Description (Scope of Work)

In the city and county of San Francisco. Perform midlife overhauls on one hundred (100) 40-foot and 60-foot electric trolley or motor coaches. The overhaul may include improvements such as but not limited to outfitting trolley and motor coach vehicles with upgraded engine technology and a higher capacity battery system. The overhaul may also include improvements like repainted exteriors, updated seating configurations, and improved wheelchair securements. Work may be completed with in-house forces or contracted, as deemed appropriate.

| SECTION 1 - All Projects | | | | | |

Project Background

PRG-0010 (REV 08/2020)

In the city and county of San Francisco. Perform midlife overhauls on seventeen (17) 40-foot and 60-foot electric trolley or motor coaches. The overhaul may include improvements such as but not limited to outfitting trolley and motor coach vehicles with upgraded engine technology and a higher capacity battery system. The overhaul may also include improvements like repainted exteriors, updated seating configurations, and improved wheelchair securements. Work may be completed with in-house forces or contracted, as deemed appropriate.

Programming Change Requested

Name change, decrease local match, increased scope, milestone date updates

Reason for Proposed Change

NAME CHANGE: New Flyer Midlife Overhaul - Phase III has had its name changed to New Flyer Midlife Overhaul - Phase II because the contracting sequence has been updated since the initial project submittal in 2019.

DECREASED LOCAL MATCH: The amount of local match has been decreased from 20% to the required 11.47%

INCREASED SCOPE: The project scope has been updated. The scale of the Midlife Overhaul Program allows the SFMTA to overhaul 17 vehicles instead of 14, even with the decreased local match.

MILESTONE DATE UPDATES: See below

If proposed change will delay one or more components, clearly explain 1) reason for the delay, 2) cost increase related to the delay, and 3) how cost increase will be funded

Proposed changes are not related to changes in earlier Begin Design, later End Design, later End Construction, Begin Closeout, and End Closeout milestones. Milestone changes are the result of increased scope, alignment with the larger New Flyer Midlife Overhaul program, and schedule refinement since the 2020 STIP estimate.

The contract award date is unchanged.

Other Significant Information

SECTION 2 - For SB1 Project Only

Project Amendment Request (Please follow the individual SB1 program guidelines for specific criteria)

Because "Not applicable" is not an choice for project milestones, Sept 30, 2023 is shown for PSR, Environmental, and ROW phases. The project will be CE/CE with regard to environmental approvals, and there is no ROW consideration.

Approvals

I hereby certify that the above information is complete and accurate and all approvals have been obtained for the processing of this amendment request.
