| The Transportation Authority's Investment Policy directs that a review of portfolio compliance be presented quarterly. As year-end closing is still wrapping up, the investment report for the quarter ended June 30, 2025, is presented independently. Following the annual audit, the Annual Comprehensive Financial Report will be presented to the Board along with the results of the fiscal audit, single audit, and management review. | □ Plan/Study □ Capital Project Oversight/Delivery □ Budget/Finance □ Contract/Agreement □ Other: |

BACKGROUND

Our Investment Policy directs a submittal of portfolio compliance with the Investment Policy at the end of the quarter. Usually, this is presented in conjunction with, and in the context of, a quarterly Internal Accounting Report. However, since fiscal year-end project accruals are still being submitted, the Internal Accounting Report is not available at this time.

DISCUSSION

Investment Report. Our investment policies and practices are subject to, and limited by, applicable provisions of state law and prudent money management principles. All investable funds are invested in accordance with our Investment Policy and applicable provisions of California Government Code Section 53600 et seq. Any

Agenda Item 4 Page 2 of 3

investment of bond proceeds will be further restricted by the provisions of relevant bond documents.

We observe the "Prudent Investor" standard, as stated in California Government Code Section 53600.3, applied in the context of managing an overall portfolio. Investments are to be made with care, skill, prudence, and diligence, taking into account the prevailing circumstances, including, but not limited to, general economic conditions, our anticipated needs, and other relevant factors that a prudent person of a like character and purpose, acting in a fiduciary capacity and familiar with those matters, would use in the stewardship of funds.

The primary objectives for the investment activities, in order of priority, are:

- 1) **Safety.** Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
- 2) **Liquidity.** The investment portfolio will remain sufficiently liquid to enable us to meet its reasonably anticipated cash flow requirements.
- 3) **Return on Investment.** The investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk parameters and the cash flow characteristics of the portfolio.

Permitted investment instruments are specifically listed in our Investment Policy and include the San Francisco City and County Treasury Pool (Treasury Pool), certificates of deposit, and money market funds.

Investment Compliance. As of June 30, the Transportation Authority's bank accounts total \$64.6 million and approximately 61.8 percent of this amount was invested in the Treasury Pool. The remaining funds are held in bank accounts for daily operations. These investments are in compliance with the California Government Code and our Board-adopted Investment Policy and provide sufficient liquidity to meet expenditure requirements for the next six months with future drawdowns from the Revolving Credit (loan) Agreement. Attachment 1 is the investment report furnished by the Office of the Treasurer and Tax Collector for the period ended on June 30, 2025.

Debt Expenditure Compliance. In October 2021, the Transportation Authority entered into a 3-year Revolving Credit (loan) Agreement with U.S. Bank for a total

amount of \$125 million. As of June 30, 2025, the Transportation Authority has a \$65.0 million outstanding balance in the loan.

As of June 30, 2025, total outstanding bond principal and premium balance is \$177.9 million. We made cumulative payments of \$138.5 million, including principal payment of \$83.7 million and interest payment of \$54.8 million.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on a book value basis of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.
