### Memorandum

### **AGENDA ITEM 7**

**DATE:** September 25, 2025

**TO:** Transportation Authority Board

FROM: Anna LaForte - Deputy Director for Policy and Programming

SUBJECT: 10/7/2025 Board Meeting: Allocate \$6,606,363 in Prop L Funds, with Conditions,

and Allocate \$1,100,000 in Prop AA Funds, with Conditions, for Four Requests

| <b>RECOMMENDATION</b> □ Information ▷   | ☑ Action                     | □ Fund Allocation    |  |  |
|---|------------------------------|----------------------|--|--|
| Allocate \$6,606,363 in Prop L funds, with conditions   | ⊠ Fund Programming           |                      |  |  |

| SUMMARY   |                              |                      |  |  |
| Attachment 1 lists the requests, including phase(s) of supervisorial district(s). Attachment 2 provides a bridescription of the projects. Attachment 3 contains some recommendations. Project sponsors will attend the answer any questions the Board may have regarding requests.  | ief<br>staff<br>meeting to   |                      |  |  |

### DISCUSSION

Attachment 1 summarizes the subject requests, including information on proposed leveraging (i.e., stretching Prop L sales tax dollars further by matching them with other fund sources) compared with the leveraging assumptions in the Prop L Expenditure Plan. Attachment 2 includes brief project descriptions. Attachment 3 summarizes the staff recommendations for these requests, highlighting special

Agenda Item 7 Page 2 of 2

conditions and other items of interest. An Allocation Request Form for each project is included in Attachment 5, with more detailed information on scope, schedule, budget, funding, deliverables, and special conditions.

### FINANCIAL IMPACT

The recommended action would allocate \$6,606,363 in Prop L funds and \$1,100,000 in Prop AA funds. The allocations would be subject to the Fiscal Year Cash Flow Distribution Schedules contained in the attached Allocation Request Forms.

Attachment 4 shows the Prop L and Prop AA Fiscal Year 2025/26 allocations and appropriations approved to date, with associated annual cash flow commitments as well as the recommended allocations, appropriations, and cash flow amounts that are the subject of this memorandum.

Sufficient funds are included in the Transportation Authority's FY 2025/26 budget. Furthermore, sufficient funds will be included in future budgets to cover the recommended cash flow distributions in those fiscal years.

### **CAC POSITION**

The CAC considered this item at its September 24, 2025 meeting and unanimously adopted a motion of support for the staff recommendation.

### SUPPLEMENTAL MATERIALS

- Attachment 1 Summary of Requests
- Attachment 2 Project Descriptions
- Attachment 3 Staff Recommendations
- Attachment 4 Prop L and Prop AA Allocations Summary FY25/26
- Attachment 5 Allocation Request Forms (4)
- Attachment 6 Resolution

#### Footnotes

<sup>&</sup>quot;EP Line No./Category" is the Prop L Expenditure Plan line number referenced in the Prop L Strategic Plan (e.g. Traffic Signs and Signals Maintenance and Neighborhood Transportation Program) or the Prop AA Expenditure Plan line number referenced in the 2022 Prop AA Strategic Plan (e.g. Pedestrian Safety).

Acronyms: SFMTA (San Francisco Municipal Transportation Agency) and SFPW (San Francisco Public Works)

<sup>&</sup>quot;Expected Leveraging By EP Line" is calculated by dividing the total non-Prop L funds expected to be available for a given Prop L Expenditure Plan line item by the total expected funding for that Prop L Expenditure Plan line item over the 30-year Expenditure Plan period. For example, expected leveraging of 90% indicates that on average non-Prop L funds should cover 90% of the total costs for all projects in that program, and Prop L should cover only 10%.

<sup>&</sup>lt;sup>4</sup> "Actual Leveraging by Project Phase" is calculated by dividing the total non-Prop L, non-Prop AA, or non-TNC Tax funds in the funding plan by the total cost for the requested phase or phases. If the percentage in the "Actual Leveraging" column is lower than in the "Expected Leveraging" column, the request (indicated by yellow highlighting) is leveraging fewer non-Prop L dollars than assumed in the Expenditure Plan. A project that is well leveraged overall may have lower-than-expected leveraging for an individual or partial phase.

### Attachment 2: Brief Project Descriptions<sup>1</sup>

| EP Line No./<br>Category | Project<br>Sponsor | Project Name   | Prop L Funds<br>Requested | Prop AA Funds<br>Requested        | Project Description  |
|--------------------------|--------------------|--|---------------------------|-----------------------------------|--|
| 17                       | SFMTA              | Traffic Signal Hardware<br>Replacement Program<br>FY26 | \$1,000,000               |                                   | This request will fund replacement of an estimated 98 traffic signal controllers manufactured between 2012 and 2018 with a known firewall-related security vulnerability. Requested funds will be used to enhance traffic and pedestrian safety by replacing key signal hardware that needs to be upgraded to current industry standards. Replacing the controllers will prevent further signal outages due to the security vulnerability. SFMTA anticipates the project to be open for use by September 2027.   |
| 17                       | SFMTA              | Traffic Signal Upgrade<br>Contract 35                  | \$5,345,363               |                                   | Requested Prop L funds will leverage \$12.3 million in 2024 Healthy, Safe and Vibrant San Francisco Bond funds to construct traffic-signal related upgrades at 17 locations throughout the city. Safety and accessibility upgrades include pedestrian countdown signals, accessible pedestrian signals, new mast arms with larger signal heads, left turn signals, upgraded streetlighting, 97 new or upgraded curb ramps, and replacement of old/damaged signal infrastructure. See attached allocation request form for project locations. SFMTA expects the project to be open for use in December 2027.  |
| 25                       | SFMTA              | West Broadway Tunnel<br>Safety [NTP]                   | \$261,000                 |                                   | District 3 Neighborhood Program funds will be used to design and construct a series of transportation improvements to address safety on Broadway between Polk and Powell streets. The scope of work includes restriping vehicle traffic lanes to a narrower width to encourage lower vehicle speeds while maintaining two traffic lanes in each direction, installing a speed feedback radar sign facing westbound traffic at Larkin Street to increase awareness of vehicle speeds, adding PLAYGROUND warning signs and speed limit signs between Polk and Larkin streets, upgrading the traffic signals at the intersection of Broadway and Larkin streets with larger more visible lenses and adjusting the timing to slow the progression of traffic entering the tunnel, and adding bike parking at Broadway and Polk streets and turn calming at Broadway and Larkin streets. SFMTA will conduct additional outreach through surveys and mailers during design and construction and anticipates the project to be open for use in June 2027. |
| Ped                      | SFPW               | Japantown Buchanan Mall<br>Improvements                | \$6,606,363               | \$1,100,000<br><b>\$1,100,000</b> | This request will fund improvements to the Japantown Buchanan Mall, a culturally significant public plaza on Buchanan between Post and Sutter streets. Improvements include repaving the uneven walkways, curb ramps, trees and landscaping with culturally relevant plants, enhancing the existing historic public art, and installing new energy efficient pedestrian lighting. SFPW anticipates that the project will be open for use by June 2027.   |

See Attachment 1 for footnotes.

### **Attachment 3: Staff Recommendations**<sup>1</sup>

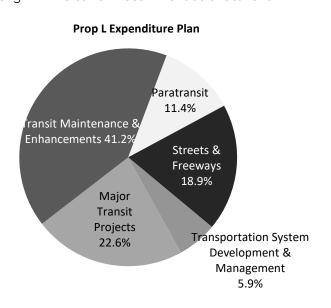

| EP Line<br>No./<br>Category | Project<br>Sponsor | Project Name  | Prop L Funds<br>Recommended | Prop AA Funds<br>Recommended | Recommendations   |
|-----------------------------|--------------------|---|-----------------------------|------------------------------|---|
| 17                          | SFMTA              | Traffic Signal Hardware Replacement<br>Program FY26 | \$1,000,000                 |                              |   |
| 17                          | SFMTA              | Traffic Signal Upgrade Contract 35                  | \$5,345,363                 |                              | <b>Special condition:</b> Sponsor shall provide documentation of completion of design prior to reimbursement for construction phase costs.  |
| 25                          | SFMTA              | West Broadway Tunnel Safety [NTP]                   | \$261,000                   |                              | <b>Special condition:</b> The recommended allocation is contingent upon amendment of the Neighborhood Transportation Program 5YPP to add the subject project with funds from the Neighborhood Program (NTP) Project Placeholder. See attached 5YPP amendment for details.   |
| Ped                         | SFPW               | Japantown Buchanan Mall<br>Improvements             |                             | \$1,100,000                  | Special condition: Recommendation is conditioned upon concurrent amendment of the Prop AA 5-Year Project List to reprogram \$700,000 from the Oakdale Lighting Improvements Project Phase 1 to the subject project. Oakdale Lighting Phase 1 was completed under budget. See attached Prop AA 5-Year Project List for details. In Spring 2026, staff plan to advance a funding request the design phase of Oakdale Lighting Improvements Phases 2 and 3, estimated to cost \$615,000, with Prop L funds from the Equity Priority Community Program. |
|                             |                    | TOTAL   | \$ 6,606,363                | \$ 1,100,000                 |   |

The above table shows total cash flow for all FY 2025/26 allocations approved to date, along with the current recommended allocations.

#### ATTACHMENT 5

### San Francisco County Transportation Authority Allocation Request Form

| FY of Allocation Action: | FY2025/26  |
|--------------------------|--|
| Project Name:            | Traffic Signal Hardware Replacement Program FY26 |
| Primary Sponsor:         | San Francisco Municipal Transportation Agency    |

### **EXPENDITURE PLAN INFORMATION**

| PROP L Expenditure Plans | Traffic Signs and Signals Maintenance   |
|--------------------------|---|
| Current PROP L Request:  | \$1,000,000   |
| Supervisorial Districts  | District 01, District 02, District 03, District 05, District 06, District 07, District 09, District 10, District 11 |

#### **REQUEST**

### **Brief Project Description**

Replace approximately 98 traffic signal controllers manufactured between 2012 to 2018 with a known firewall related security vulnerability. Replacing the traffic signal controllers will prevent signal outages due to the security vulnerability. Requested funds will be used to enhance traffic and pedestrian safety by replacing key signal hardware that needs to be upgraded to current industry standards.

### **Detailed Scope, Project Benefits and Community Outreach**

The San Francisco Municipal Transportation Agency (SFMTA) is seeking \$1,000,000 in Prop L funds, including \$500,000 programmed in FY 2024/25 and \$500,000 programmed in FY 2025/26 towards the construction phase of this project. The project will replace approximately 98 traffic signal controllers with a known firewall related security vulnerability.

Around 2018, City staff discovered a vulnerability with signal controllers that could allow signal outages to occur under certain conditions. A replacement effort commenced to identify and replace controllers built from around 2012 to 2018. Controllers manufactured in 2019 were thoroughly tested and found to address the vulnerability.

After a widespread signal outage occurred in 2022 related to the firewall related security vulnerability, the SFMTA Signal Shop identified approximately 350 traffic signal controllers that still needed replacement. Replacement of the controllers continued with 252 controllers replaced in 2024 and 2025 using General Fund Population Growth (Proposition B) and other MTA funding. Another signal outage occurred in 2025 which further highlighted the need to prioritize the replacement of controllers with the firewall vulnerability. This Prop L request is estimated to allow for the replacement of approximately 98 controllers with the firewall vulnerability needing to still be replaced at this time.

Since no excavation is needed, the SFMTA Signal Shop can procure and install the 98 traffic signal controllers proposed for replacement using the Prop L funds. No construction contract advertised for competitive bid is needed.

See Table 1 (attached) for list of 98 locations proposed for controller replacements using Prop L funds. Final locations will be determined by the SFMTA Signal Shop as they continue to work through the remaining intersections that need controller replacements.

### **Project Location**

A list of candidate locations is provided in Table 1 for reference.

| Is this project in an Equity Priority Community?     | Yes |
|--|-----|
| Does this project benefit disadvantaged populations? | Yes |

### **SCHEDULE DETAILS**

No detailed design phase is needed for this project.

Project coordination will be performed on a case-by-case basis due to the variety of project locations.

Before installation of signal hardware, the project will request environmental clearance review under the California Environmental Quality Act (CEQA) for all candidate locations. For similar projects, the environmental review was successful without encountering any issues. The same environmental process is expected for this year's request.

| FY of Allocation Action:                                       | FY2025/26  |

### **Deliverables**

- 1. Quarterly progress reports (QPRs) shall include % complete to date, photos of work being performed, list of locations where work has been done to date, upcoming project milestones, and delivery updates including work performed in the prior quarter, work anticipated to be performed in the upcoming quarter, and any issues that may impact delivery, in addition to all other requirements described in the Standard Grant Agreement.
- 2. With the first QPR, Sponsor shall provide 2-3 photos of typical before conditions and on completion of the project Sponsor shall provide 2-3 photos of completed work.

| Metric                              | PROP AA    | TNC TAX    | PROP L |
|-------------------------------------|------------|------------|--------|
| Actual Leveraging - Current Request | No PROP AA | No TNC TAX | 0.0%   |
| Actual Leveraging - This Project    | No PROP AA | No TNC TAX | 0.0%   |

# San Francisco County Transportation Authority Allocation Request Form

| FY of Allocation Action: | FY2025/26                                     |
|--------------------------|---|
| Project Name:            | Traffic Signal Upgrade Contract 35            |
| Primary Sponsor:         | San Francisco Municipal Transportation Agency |

### **EXPENDITURE PLAN INFORMATION**

| PROP L Expenditure Plans | Traffic Signs and Signals Maintenance   |
|--------------------------|---|
| Current PROP L Request:  | \$5,345,363   |
| Supervisorial Districts  | District 01, District 02, District 03, District 05, District 07, District 08, District 09, District 10, District 11 |

### **REQUEST**

### **Brief Project Description**

This request will fund the construction phase of traffic-signal related upgrades at 17 locations across the City. Upgrades include pedestrian countdown signals (PCS), accessible pedestrian signals (APS), new mast arms with higher-visibility 12-inch signal heads, left turn signals, upgraded streetlighting, curb ramps, and replacement of old/damaged signal infrastructure. 8 of the intersections are located on the Vision Zero High Injury Network, which encompasses the pedestrian, bicycle, and vehicle high injury corridors. These signal upgrades will improve accessibility and safety for all.

### **Detailed Scope, Project Benefits and Community Outreach**

See attached.

### **Project Location**

17 intersections spread throughout the City of San Francisco (see attached list and map)

| Is this project in an Equity Priority Community?     | Yes |
|--|-----|
| Does this project benefit disadvantaged populations? | Yes |

### **Project Phase(s)**

Construction (CON)

#### **SCHEDULE DETAILS**

A significant portion of the construction phase of Contract 35 is being funded by the 2024 Healthy, Safe and Vibrant San Francisco Bond, which requires the majority of the construction funds be spent by October 2027 to meet a timely-use-of funds deadline.

Contract 35 construction work will be coordinated with the following projects: Various Locations (VL) Pavement Renovation 80 (near Larkin/Post intersection), Sickles Avenue Streetscape Project (near Alemany/Sickles), and 29 Sunset Muni Forward project (near 25th Ave/Clement). Note that the final design for Contract 35 took into consideration elements of the VL 80, Sickles Streetscape, and 29 Sunset Muni Forward projects to avoid conflicts.

Various Locations Pavement Renovation 80 (near Larkin/Post intersection) paving project is likely to advertise in Fall 2025, with construction schedules overlapping with Contract 35. However, because both projects have multiple locations, the work can be easily scheduled to avoid conflicts. Project excavation limits were adjusted on Contract 35 and VL 80 to avoid conflicts.

Sickles Avenue Streetscape Project (near Alemany/Sickles) design has been completed, but final construction phase schedule is on hold while construction phase funding is finalized. Since there is no overlap in the excavation scope between the two projects, coordination between the projects should not be an issue.

| 29 Sunset Muni Forward project is an on-going improvement project<br>Ave/Clement. That work can be coordinated with Contract 35 signal | t that includes transit improvement scope at 25th work at 25th Ave/Clement. |

### **Deliverables**

- 1. Quarterly progress reports (QPRs) shall include % complete to date, photos of work being performed, improvements completed at each location to date, upcoming project milestones (e.g. ground-breaking, ribbon-cutting), and delivery updates including work performed in the prior quarter, work anticipated to be performed in the upcoming quarter, and any issues that may impact delivery, in addition to all other requirements described in the Standard Grant Agreement.
- 2. With the first QPR, SFMTA shall provide 2-3 photos of typical before conditions; with the first quarterly report following initiation of fieldwork Sponsor shall provide a photo documenting compliance with the Prop L attribution requirements as described in the SGA; and on completion of the project Sponsor shall provide 2-3 photos of completed work.

### **Special Conditions**

1. Sponsor required to provide documentation of completion of design prior to reimbursement of construction costs to satisfy Deliverable #1 of the design phase grant (SGA 133-907060).

### Traffic Signal Upgrade Contract 35 – Construction Phase Detailed Scope & Project Benefits

The San Francisco Municipal Transportation Agency (SFMTA) is seeking \$5,345,363 in Prop L Sales Tax funds toward the construction phase of traffic signal upgrades and related pedestrian improvements at 17 locations to be constructed under Traffic Signal Upgrade Contract 35. Signal visibility improvements will include new poles with larger signal heads. Related pedestrian safety improvements include pedestrian countdown signals (PCS), accessible pedestrian signals (APS), upgraded streetlighting, and upgraded curb ramps to the latest standards and to provide an accessible landing for the APS, as well as new curb ramps where they are missing. Other improvements at signal upgrade locations will include new controllers, conduit, and wiring where they are needed to implement the signal modifications. 8 of the 17 locations are located on the Vision Zero High Injury Network, and the planned signal improvements are intended to reduce injuries for pedestrians, cyclists, and motorists.

The specific scope for each location under this project is described in Table 1. The table describes the intended project scope, supervisorial districts, and whether the intersection is located on the Vision Zero High Injury Network.

### Changes to Scope, Schedule, and Budget

### Scope Changes

The final list for Contract 35 includes 17 locations, a change from the list of 23 locations in the original design phase Prop K allocation from 2017 (SGA 133-907060) and 22 locations in the Prop L FY 24-28 Project Information Form for the Traffic Signs and Signals Maintenance 5-Year Prioritization Program.

Taking into account the Prop K SGA that set up original design phase funding, the Prop L FY 24-28 Project Information Form, and the Prop L SGA that moved construction phase funds from Contract 35 to Contract 36 – Additional Funds project (SGA 217-907004), the number of locations included as part of the Contract 35 scope has fluctuated over the years. In the end, seven (7) intersections were removed and implemented as part of other projects as follows:

- The five (5) locations of Gough/Haight/Market, Folsom/19th St, Folsom/21st St, Folsom/22nd St, and Folsom/23rd St were moved via change order to the Contract 36 Signal Upgrade project for faster implementation. In particular, the scope for the Folsom locations was moved to Contract 36 to address expiring Affordable Housing and Sustainable Communities (AHSC) grant funding. The signal work at the 4 Folsom locations was completed in early 2025, and Gough/Haight/Market work is on track to be completed in late 2025.
- Geneva/Naples was completed as part of the Geneva Signal Upgrade project which finished construction in 2023.

Masonic/Page was completed using city forces in 2018.

### Schedule Changes

Since the design for Contract 35 started in early 2018, the project has been delayed due to various reasons including other projects/tasks being prioritized during the pandemic leading to staffing shortage for signal design engineers at SFMTA, staffing shortage at Public Works for curb ramp designers, curb ramp design process taking longer than originally expected due to an increased focus on making sure that curb ramps meet strict flat landing related guidelines for accessible pedestrian signal (APS) accessibility, and a long backlog for critical elevation surveys needed for curb ramp design. More recently, delivery of the Contract 35 scope compared to the schedule in the FY 24-28 PIF was further delayed because of the MTA/Public Works project team needing to focus on completing design for Gough/Haight/Market, Folsom/19th St, Folsom/21st St, Folsom/22nd St, and Folsom/23rd St when it was decided to move those intersections to Contract 36 for faster implementation.

### Budget Changes

Due to the various scope and schedule changes described above, the Contract 35 budget needs significantly increased for design and construction phases. For design phase, an additional \$1,054,146 in MTA funds were identified to meet the increased budget needs. For construction phase, an additional \$12.3M in funding was identified from the 2024 Healthy, Safe and Vibrant San Francisco Bond.

Compared to the construction phase budget listed in the FY 24-28 Prop L PIF for Contract 35, the actual available Prop L construction phase budget decreased from \$7,104,000 to \$5,345,363, a reduction of \$1,758,637. The \$1,758,637 reduction in available Prop L funding was due to funding needing to be moved from Contract 35 to Contract 36 to allow faster implementation of Gough/Haight/Market, Folsom/19th St, Folsom/21st St, Folsom/22nd St, and Folsom/23rd St as part of a change order to Contract 36 (217-907004). The Prop L amount requested as part of this current ARF was accordingly reduced to \$5,345,363.

### <u>Location Selection Criteria</u>

The intersections in this scope were selected after careful review by SFMTA staff of traffic operations and collision patterns on a regular basis. Locations are prioritized based on collision history, traffic volumes, benefits to roadway users including pedestrians, bicyclists, transit and motorists, proximity to schools or senior centers and any joint departmental opportunities (e.g. scheduled paving projects, corridor improvements). All supervisorial districts are represented in the Contract 35 scope except Districts 4 and 6. District 4 has only 4% of the City's traffic signals, many of which are relatively new and thus are not in need of upgrades. Ongoing projects in District 4 include a permanent signal at 41st Ave/Lincoln and new signals at 45th Ave/Lincoln and La Playa/Lincoln. District 6 has many signal upgrades being implemented by projects currently under design or construction such as Folsom Streetscape Project, 13th Street Safety Improvements, and Transbay Howard Streetscape Project.

SFMTA has received 311 requests for signal upgrades at many project locations, with the most requests occurring at 25th Ave/Clement, 25th Ave/Anza, Anza/Stanyan, Alemany/Sickles, California/Larkin, and Twin Peaks/Portola.

### Implementation:

Alemany/Sickles and Baker/Hayes are the only intersections in the project that are proposing changes that require a Public Hearing. At Alemany/Sickles, two traffic islands were proposed to be removed to add a left turn pocket and improve intersection geometry. At Baker/Hayes, some minor parking removal was proposed due to widened crosswalks. The proposals were presented at a public hearing on 10/30/2020 and approved without any objections. The approved changes will be implemented during construction.

SFMTA's Sustainable Streets Division has been managing the scope of the detailed design. SFPW's Infrastructure Design and Construction (IDC) division will manage the issuance and administration of the contract for construction by a competitively bid contract.

|--|-----------------------------------|--|
| Project Name:  | West Broadway Tunnel Safety [NTP] |  |
| Primary Sponsor: San Francisco Municipal Transportation Agency |                                   |  |

### **EXPENDITURE PLAN INFORMATION**

| PROP L Expenditure Plans | L Expenditure Plans Neighborhood Transportation Program |  |
|--------------------------|---|--|
| Current PROP L Request:  | \$261,000   |  |
| Supervisorial District   | District 03   |  |

### **REQUEST**

### **Brief Project Description**

The West Broadway Tunnel Safety project will improve safety and slow traffic speeds at the west end of the Robert C. Levy (Broadway) Tunnel. The project will design and implement a series of safety improvements to roadway markings, signage, and traffic signals on Broadway between Polk and Powell streets, while maintaining two lanes in each direction. The project also includes bike corrals at Broadway and Polk streets.

### **Detailed Scope, Project Benefits and Community Outreach**

At the request of District 3 Supervisor Danny Sauter, SFMTA is requesting Prop L Neighborhood Program funds to design and construct safety the West Broadway Tunnel Safety Project. This project is located on Broadway between Polk Street and Powell Street. Broadway is the primary arterial street between North Beach/Chinatown and the western parts of the city. The segment between Larkin Street and Stockton Street has been identified as a Vision Zero High Injury Corridor. The project aims to address vehicle speeds and pedestrian safety concerns through a series of improvements to roadway markings, signage and existing traffic signals. Specific improvements include the following:

- Restripe vehicle traffic lanes to a narrower width to encourage lower vehicle speeds while maintaining two traffic lanes in each direction.
- Install a speed feedback radar sign facing westbound traffic at Larkin Street to increase awareness of vehicle speeds. There is a similar sign currently posted at Powell Street facing eastbound traffic.
- Add PLAYGROUND warning signs and speed limit signs between Polk Street and Larkin Street.
- Upgrade the traffic signals at the intersection of Broadway and Larkin Street with larger more visible lenses and adjust the timing to slow the progression of traffic entering the tunnel.
- Add bike parking at Broadway and Polk Street, and turn calming at Broadway and Larkin Street.

Community outreach will be conducted in partnership with District 3 Supervisor Sauter's office, who recently coordinated a community walkthrough to inform this funding request. Additional outreach to the community will be performed by SFMTA staff during the design and construction phases through online surveys and informational mailers.

The West Broadway Tunnel Safety Project will be designed and implemented by SFMTA engineering and operations staff. By funding both phases now, the project can proceed seamlessly from design engineering to project approval and construction. Many of the improvements can be implemented by SFMTA operations staff within a relatively short time frame, however the larger traffic signals and speed feedback radar sign have long lead times for equipment procurement, which are reflected in the proposed schedule.

The Transportation Authority's Neighborhood Transportation Program (NTP) is intended to strengthen project pipelines

and advance the delivery of community-supported neighborhood-scale projects, especially in Equity Priority Communities and other neighborhoods with high unmet needs.

### **Project Location**

Broadway, from Polk Street to Powell Street

| Is this project in an Equity Priority Community?     | No  |
|--|-----|
| Does this project benefit disadvantaged populations? | Yes |

### **Project Phase(s)**

Design Engineering (PS&E), Construction (CON)

### **Justification for Multi-phase Request**

Multi-phase allocation is recommended given short duration of design phase and potential for concurrent implementation of various project elements. Striping and signage improvements can be implemented by SFMTA staff within a relatively short time frame, however the larger traffic signals and speed feedback radar sign have long lead times for equipment procurement. Requesting funding for both phases of work will ensure that the project can be implemented as quickly as the project can be designed.

| Phase:                 | Design Engineering                               | Fundshare:       | 100.0%                            |

#### **Cash Flow Distribution Schedule by Fiscal Year**

| Fund Source   | FY2025/26 | Total    |
|---------------|-----------|----------|
| PROP L EP-225 | \$75,000  | \$75,000 |

#### **Deliverables**

- 1. Quarterly progress reports shall include % complete of the funded phase, work performed in the prior quarter, work anticipated to be performed in the upcoming quarter, and any issues that may impact schedule, in addition to all other requirements described in the Standard Grant Agreement.
- 2. With the first quarterly progress report, Sponsor shall provide 2-3 photos of existing conditions.
- 3. Upon completion, Sponsor shall provide evidence of completion of 100% design (e.g., copy of certifications page, copy of workorder, internal design completion documentation, or similar).

#### **Special Conditions**

1. The recommended allocation is contingent upon amendment of the Neighborhood Transportation Program 5YPP to add the subject project with funds from the Neighborhood Program (NTP) Project Placeholder. See attached 5YPP amendment for details.

#### **Notes**

1. Progress reports will be shared with the District 3 Commissioner.

#### **Deliverables**

- 1. Quarterly progress reports (QPRs) shall include % complete to date, photos of work being performed, improvements completed at each location to date, upcoming project milestones (e.g. ground-breaking, ribbon-cutting), and delivery updates including work performed in the prior quarter, work anticipated to be performed in the upcoming quarter, and any issues that may impact delivery, in addition to all other requirements described in the Standard Grant Agreement.
- 2. Upon completion of the project Sponsor shall provide 2-3 photos of completed work.

#### **Special Conditions**

1. The recommended allocation is contingent upon amendment of the Neighborhood Transportation Program 5YPP to add the subject project with funds from the Neighborhood Program (NTP) Project Placeholder. See attached 5YPP amendment for details.

#### **Notes**

- 1. Progress reports will be shared with the District 3 Commissioner.
- 2. Reminder: All construction signage, project fact sheets, websites and other similar materials shall comply with the attribution requirements established in the Standard Grant Agreement.

|--------------------------|--------------------------------------|
| Project Name:            | Japantown Buchanan Mall Improvements |
| Primary Sponsor:         | Department of Public Works           |

#### **EXPENDITURE PLAN INFORMATION**

| PROP AA Expenditure Plans | Prop AA Pedestrian Projects |
|---------------------------|-----------------------------|
| Current PROP AA Request:  | \$1,100,000                 |
| Supervisorial District    | District 05                 |

#### **REQUEST**

#### **Brief Project Description**

In the cultural heart of Japantown, this project will implement improvements to the Japantown Buchanan Mall, a culturally significant public plaza on Buchanan St, between Post St and Sutter St. Improvements include repaving the uneven walkways, three new curb ramps, new trees, landscaping with culturally relevant plants, enhancing the existing historic public art, and installing new energy efficient pedestrian lighting.

#### **Detailed Scope, Project Benefits and Community Outreach**

The Japantown Buchanan Mall is a publicly-owned plaza located at the geographic and cultural heart of Japantown, lined with shops, and maintained by the Nihonmachi Parking Corporation. Despite its importance, the community perceives the space to be difficult to walk on, and that it could be further activated – this project seeks to revitalize the space through pedestrian safety as well as artistic and landscaping improvements including those listed below. See the attached renderings.

- Repaving the mall, rehabilitating the Post St intersection and crosswalk, constructing three new ADA compliant curb ramps
- Constructing new planters and seating, planting more trees, landscaping, and irrigation system
- · New pedestrian lighting and catenary lighting
- Repairing the Ruth Asawa Origami Fountains, rehabilitating the Ruth Asawa benches, upgrading the "cobblestone river" to be ADA compliant
- Sewer main and water main replacement/repairs
- Encouraging businesses to provide outdoor seating and displays along the storefronts
- Utilizing new energy- and water-efficient technologies to light the plaza and maintain the fountains

Prop AA funds would supplement the California Natural Resources Agency Grant funding programmed for this project. Coordination will take place with the adjacent Japantown Peace Plaza project with work just south of the proposed project limits.

This project has worked with the community every step of the way and comes at the recommendation of the Japantown Cultural Heritage & Economic Sustainability Strategy (JCHESS) report. The project held three community open house events and have been meeting with stakeholders from prominent community groups, including the Japantown Taskforce, Japantown Community Benefit District, Nihonmachi Parking Corp., and the Ruth Asawa Lanier, Inc. from project initiation. This stakeholder group has been actively involved in the support, planning, and community outreach of the project.

In 2022, the Transportation Authority programmed \$100,000 for the design phase and \$400,000 for the construction phase of the project. The Transportation Authority allocated design funds In 2024. Since the original budget was developed, however, the construction estimate has increased by \$2.6 million due to several key changes, including the following:

- Post St intersection/crosswalk ADA rework (high crown, new concrete)
- Increased pavement thickness based on updated structural analysis
- Expanded lighting scope (more poles, catenary lighting)
- Utility coordination (PUC sewer/water replacements)
- Historic preservation requirements (fountain, cobblestone, planter layout)
- Community-requested amenities (additional seating, cobblestone reuse)

SFPW has secured \$1.36 million of the additional funds from SFPUC. This request includes Prop AA funds previously programmed to the project's construction phase, and an additional \$700,000 in Prop AA funds to help cover the cost increase and fully fund the project. The remainder of the funding gap will be funded with SFPW funds.

#### **Project Location**

Buchanan St, between Post St and Sutter St

| Is this project in an Equity Priority Community?     | Yes |
|--|-----|
| Does this project benefit disadvantaged populations? | Yes |

#### **Project Phase(s)**

Construction (CON)

#### **5YPP/STRATEGIC PLAN INFORMATION**

|--|--------------|
| Is requested amount greater than the amount programmed in the relevant 5YPP or Strategic Plan? | ·            |
| PROP AA Amount   | \$400,000.00 |

#### **Justification for Necessary Amendment**

This request includes an amendment to reprogram \$700,000 from the Oakdale Lighting Improvements Phase 1, which was completed under budget, to the subject project. The Japantown Buchanan Mall project is at 99% design completion, and SFPW is prepared to advertise the construction contract as soon Prop AA funds are secured. In Spring 2026, Transportation Authority staff plan to advance a request for the design phase of Oakdale Lighting Improvements Phases 2 and 3, estimated to cost \$615,000, with Prop L funds from the Equity Priority Community Program.

#### **SCHEDULE DETAILS**

Public Works has ongoing coordination with the Japantown Peace Plaza team including regular meetings between project managers. The Peace Plaza project has recently announced a delay in their construction completion to Summer 2026 but it is currently anticipated to have no or minimal overlap, barring further delays.

#### **Deliverables**

- 1. Quarterly progress reports (QPRs) shall include % complete to date, photos of work being performed, upcoming project milestones (e.g. ground-breaking, ribbon-cutting), and delivery updates including work performed in the prior quarter, work anticipated to be performed in the upcoming quarter, and any issues that may impact delivery, in addition to all other requirements described in the Standard Grant Agreement.
- 2. With the first QPR (January 2026), Sponsor shall provide 2-3 photos of typical before conditions; with the first quarterly report following initiation of work, Sponsor shall provide a photo documenting compliance with the Prop AA attribution requirements as described in the SGA; and upon completion of the project, Sponsor shall provide 2-3 photos of completed work.

#### **Special Conditions**

1. Recommendation is conditioned upon concurrent amendment of the Prop AA 5-Year Project List to increase the amount programmed for the construction phase of the Japantown Buchanan Mall Improvements project from \$400,000 to \$1,100,000 with funds reprogrammed from the completed Oakdale Lighting Improvements Project Phase 1. See attached Prop AA 5-Year Project List for details.

| Metric                              | PROP AA | TNC TAX    | PROP L    |  |
|-------------------------------------|---------|------------|-----------|--|
| Actual Leveraging - Current Request | 86.27%  | No TNC TAX | No PROP L |  |
| Actual Leveraging - This Project    | 87.89%  | No TNC TAX | No PROP L |  |

BD100725

**RESOLUTION NO. 26-XX** 

RESOLUTION ALLOCATING \$6,606,363 IN PROP L FUNDS, WITH CONDITIONS, AND \$1,100,000 IN PROP AA FUNDS, WITH CONDITIONS, FOR FOUR REQUESTS

WHEREAS, The Transportation Authority received four requests for a total of \$6,606,363 in Prop L transportation sales tax funds and \$1,100,000 in Prop AA vehicle registration fee funds, as summarized in Attachments 1 and 2 and detailed in the attached allocation request forms; and

WHEREAS, The requests seek funds from the following Prop L Expenditure Plan programs: Traffic Signs and Signals Maintenance and Neighborhood Transportation Program; and from the Pedestrian Safety category of the Prop AA Expenditure Plan; and

WHEREAS, As required by the voter-approved Expenditure Plans, the Transportation Authority Board has adopted a 5-Year Prioritization Program (5YPP) for each of the aforementioned Prop L programs and Prop AA category; and

WHEREAS, Two of the three Prop L requests are consistent with the relevant 5YPPs; and

WHEREAS, The San Francisco Municipal Transportation Agency's (SFMTA's) request for the West Broadway Tunnel Safety [NTP] project requires amendment of the Prop L Neighborhood Transportation Program 5YPP to add the subject project, as detailed in the attached allocation request form, with funds from the Neighborhood Program (NTP) Project Placeholder; and

WHEREAS, San Francisco Public Works' Prop AA request for the Japantown Buchanan Mall Improvements project requires amendment of the Prop AA 5-Year Project List to reprogram \$450,000 surplus funds originally programmed to Oakdale Lighting Improvements Phase 1 and \$250,000 of further cost savings deobligated from the completed Oakdale Lighting Improvements Phase 1 to the subject project as detailed in the attached allocation request form; and

BD100725

WHEREAS, After reviewing the requests, Transportation Authority staff recommended allocating \$6,606,363 in Prop L funds, with conditions, and \$1,100,000 in Prop AA funds, with conditions, for four requests, as described in Attachment 3 and detailed in the attached allocation request forms, which include staff recommendations for Prop L and Prop AA allocation amounts, required deliverables, timely use of funds requirements, special conditions, and Fiscal Year Cash Flow Distribution Schedules; and

WHEREAS, There are sufficient funds in the Capital Expenditures line item of the Transportation Authority's approved Fiscal Year 2025/26 budget to cover the proposed actions; and

WHEREAS, At its September 24, 2025 meeting, the Community Advisory Committee was briefed on the subject requests and unanimously adopted a motion of support for the staff recommendation; now, therefore, be it

RESOLVED, That the Transportation Authority hereby amends the Prop L Neighborhood Transportation Program 5YPP, as detailed in the attached allocation request form; and be it further

RESOLVED, That the Transportation Authority hereby amends the Prop AA 5-Year Project List, as detailed in the attached allocation request form; and be it further

RESOLVED, That the Transportation Authority hereby allocates \$6,606,363 in Prop L funds, with conditions, and \$1,100,100 in Prop AA funds, with conditions, for four requests as summarized in Attachment 3 and detailed in the attached allocation request forms; and be it further

RESOLVED, That the Transportation Authority finds the allocation of these funds to be in conformance with the priorities, policies, funding levels, and prioritization methodologies established in the Prop L Expenditure Plan, the Prop L Strategic Plan, the relevant 5YPPs, and the 2022 Prop AA Strategic Plan and 5-Year Project List; and be it further

BD100725

RESOLVED, That the Transportation Authority hereby authorizes the actual expenditure (cash reimbursement) of funds for these activities to take place subject to the Fiscal Year Cash Flow Distribution Schedules detailed in the attached allocation request forms; and be it further

RESOLVED, That the Capital Expenditures line item for subsequent fiscal year annual budgets shall reflect the maximum reimbursement schedule amounts adopted and the Transportation Authority does not guarantee reimbursement levels higher than those adopted; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the Executive Director shall impose such terms and conditions as are necessary for the project sponsors to comply with applicable law and adopted Transportation Authority policies and execute Standard Grant Agreements to that effect; and be it further

RESOLVED, That as a condition of this authorization for expenditure, the project sponsors shall provide the Transportation Authority with any other information it may request regarding the use of the funds hereby authorized; and be it further

RESOLVED, That the Capital Improvement Program of the Congestion Management Program is hereby amended, as appropriate.
