Authority

Community Advisory Committee - Agenda Item 5
April 22, 2026

District 2 Turk Boulevard Pedestrian Safety [NTP]

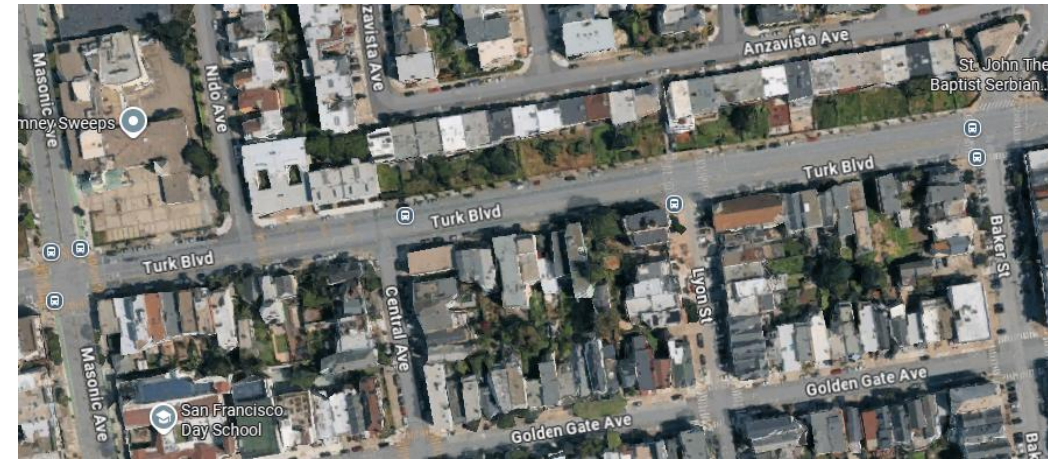

(SFMTA) Design, Construction

Prop L Request: \$200,000

Total Cost: \$200,000

Pedestrian safety improvements on Turk Boulevard between Nido and Lyon streets

- New concrete median islands to replace the current painted islands and rectangular rapid flashing beacon at one intersection in the project area
- Implements recommendations from SFCTA's and SFMTA's District 2 Safety Study (2026) to slow vehicle speeds and increase pedestrian safety on Turk Boulevard
- Open for use expected September 2027

Curbside Electric Vehicle (EV) Charging (SFMTA) Planning

Prop L Request: \$150,000

Total Cost: \$150,000

Support planning, policy development, and program launch for permanent Curbside EV Charging permit program

- Develop application packet, review vendor eligibility, create selection criteria, provide administrative support
- Project expected to be done September 2026
