

Item 6 Enclosure A
Citizens Advisory Committee
October 1, 2014

2014 PROPOSITION K
5-YEAR PRIORITIZATION PROGRAM

TRANSIT SYSTEM MAINTENANCE AND RENOVATION

VEHICLES - Muni

Approved July 22, 2014

Amended [DATE]

Prepared for the San Francisco County Transportation Authority

By San Francisco Municipal Transportation Agency

SAN FRANCISCO COUNTY TRANSPORTATION AUTHORITY

- Prop K 5-Year Project List (FY 2014/15 – FY 2018/19) (as approved July 2014)
- Proposed Prop K Project List - Vehicles-Muni (17M)

Eligibility

Eligibility as identified in the voter approved Prop K Expenditure Plan is as follows:

“Programmatic improvements for upgrade, rehabilitation and replacement of transit vehicles, spare parts and on-board equipment. Includes limited incremental operating funds for F-line historic streetcar operations. The first \$506.3M is Priority 1 and the remainder is Priority 2. Projects include:

Rail car, trolley coach and motor coach renovation and replacement; retrofit of diesel coaches to reduce emissions. Includes project development and capital costs. Sponsoring Agencies: Muni, BART, PCJPB. Funding for BART rail car renovation and replacement shall be eligible for funding under this subcategory if the Authority finds that the costs of rail car renovation and replacement are shared equitably among the counties BART serves. The first \$486M in Prop K is Priority 1, and the remainder is Priority 2. Total Funding: \$3,476.7 M; Prop K: \$566 M. Of the \$565.7 M in Prop K funds, the following minimum amounts will be available for MUNI (\$450.8M), BART (\$11.5M), and PCJPB (\$23M).”

Prioritization Criteria

One of the key required elements of the 5YPPs is a transparent process for how projects get selected. Prop K requires at a minimum that each category include prioritization criteria that address project readiness, community support, and relative level of need or urgency. For this 5YPP update, the Citizens Advisory Committee requested that the Transportation Authority and project sponsors develop a user-friendly, transparent scoring table that could apply to all 5YPPs, and that the scoring prioritize safety and community input highly.

Table 3 shows the new Prioritization Criteria and Scoring Table. Each project can receive a maximum of 20 points, with up to 10 points allocated program-wide criteria and up to 10 points allocated for category-specific criteria.

The Expenditure Plan also requires consideration of geographic equity in terms of project distribution that takes into account the various needs of San Francisco's neighborhoods. In the 2014 5YPP, SFMTA proposes to use over \$247 million in Prop K funds to support replacement of nearly all of Muni's rubber-tired fleet (motor coaches, trolley coaches and paratransit vans). The SFMTA also proposes to use over \$60 million to replace the entire light rail vehicle fleet, as well as over \$8 million for rehabilitation of some historic light rail vehicles to enable reliable operation of these vehicles for years to come. The types of improvements funded through this 5YPP have the most significant direct impact on improving Muni service reliability compared to any other investment. The proposed projects will benefit Muni's entire system and neighborhoods citywide.

Stretching Your Prop K Sales Tax Dollars Farther

Leveraging Prop K funds against non-Prop K fund sources (e.g., federal, state, other local funds) is necessary to fully fund the Expenditure Plan projects and programs. For the Vehicles category, the Prop K Expenditure Plan assumes that every \$1 of sales tax revenue spent would leverage about \$5 in non-Prop K funds. The table below compares Prop K Expenditure Plan assumptions with proposed leveraging in the 2014 5-year project lists.

Table 1. Prop K Leveraging¹

Category	Expected Leveraging (Non-Prop K Funds)	Proposed Leveraging (Non-Prop K Funds)
Vehicles – Muni	84%	76%

¹ This table compares the expected leveraging assumed in the Expenditure Plan with the proposed leveraging assumed in the 5-Year Project List.

As shown in Table 1, Prop K funds in the 2014 Vehicles 5YPP will leverage only 76% of total project costs with non-Prop K funds. The SFMTA's explanation for this shortfall is that the federal and regional funds available for transit vehicle procurement and rehabilitation over the 2014-2019 period are stretched too thin given the large number of transit operators and significant demands for funding in the Bay Area. This, plus regional policies that cap the amount of federal transit formula funds available per vehicle (e.g. to the list price), mean that large operators such as SFMTA do not receive as much federal transit formula funds to fully fund replacement of the necessary number of vehicles when they reach the end of their useful life. Thus, SFMTA is proposing to over-match with Prop K funds to cover the funding shortfall. Given that replacing vehicles in a timely fashion (and keeping them well-maintained) is essential to providing reliable transit service, Transportation Authority staff are recommending approval of the proposed project list, while continuing to urge SFMTA to find additional ways to reduce procurement costs, which would stretch limited dollar further.

**Table 2. Project Delivery Snapshot
Vehicles -- Muni**

Table 2a. Prop K Funds Allocated

5-Year Prioritization Program (5YPP) Period	Programmed (Available for Allocation)	Total Allocated as of 3/31/2014	% Allocated
2005 5YPP (FY 2004/05-2008/09)	\$55,497,444	\$40,209,799	72%
2009 5YPP: (FY 2009/10 -2013/14) *	\$53,791,561	\$39,319,249	73%
Total *		\$79,529,048	

* Funds programmed in the 2009 5YPP may include programmed but unallocated funds from the 2005 5YPP, as well as de-obligated funds.

Paratransit Van Replacement: Class B Vehicle (35)	4	0	2	3	3	1	13
Light Rail Vehicle Procurement	4	2	2	3	3	2	16

Prioritization Criteria Definitions:

Project Readiness: Project likely to need funding in fiscal year proposed. Factors to be considered include adequacy of scope, schedule, budget and funding plan relative to current project status (e.g. expect more detail and certainty for a project about to enter construction than design); whether prior project phases are completed or expected to be completed before beginning the next phase; and whether litigation, community opposition or other factors may significantly delay project.

**Table 3. Prop K 2014 Prioritization Mechanism
EP 17M - Vehicles - Muni**

Community Support: Project has clear and diverse community support and/or was it identified through a community-based planning process. An example of a community-based plan is a neighborhood transportation plan, but not a countywide plan or agency capital improvement program.

Three points for a project in an adopted community based plan with evidence of diverse community support.

Two points for a project with evidence of support from both neighborhood stakeholders and groups and citywide groups.

One point for a project with evidence of support from either neighborhood stakeholders and groups or citywide groups.

Time Sensitive Urgency: Project needs to proceed in proposed timeframe to enable construction coordination with another project (e.g., minimize costs and construction impacts); to support another funded or proposed project (e.g. new signal controllers need to be installed to support TEP implementation); or to meet timely use of funds deadlines associated with matching funds.

Safety: Project improves safety for passengers, operators and/or employees. Projects that address a documented safety issue should score more highly.

Need: Replaces asset at at end of useful life.

Increases Capacity: Project increases passenger capacity or results in mid-life overhaul (e.g. replaces smaller vehicle with larger vehicle, reduces mean failure distance).

Fiscal Year of Allocation:	2016/17
Project Information	
Project Name:	Historic Vehicle Rehabilitation/Replacement (16 PCC)
Project Location:	citywide
Project Supervisorial District(s):	citywide
Project Description:	The goal of this project is to rehabilitate the historic streetcars to like-new condition, including upgrading electrical and mechanical systems, body work, and ensuring systems meet CPUC and ADA requirements. The scope of work will include preparing the technical specifications, issuing an RFP, conducting a negotiated rehabilitation contract, testing and acceptance of the vehicles and warranty administration.
Purpose and Need:	The purpose of this project is to perform end of life overhaul on the current fleet of Ex-SEPTA (South Eastern Pennsylvania Transportation Authority) PCC (Presidential Conference Car) cars in order to keep them in service for the next 15-20 years. These vehicles are needed to help provide the 21 hours of daily service for the SFMTA's E-Line and F-Line which carries approximately 20,000 passengers per day. Daily vehicle demand for this line is 24 vehicles.

Project Information	
Project Name:	Historic Vehicle Rehabilitation - Milan (11) and Vintage Cars (6)
Project Location:	citywide
Project Supervisorial District(s):	citywide
Project Description:	The goal of this project is to rehabilitate the 11 Milan Cars and 6 Vintage Street Cars to like-new condition, including upgrading electrical and mechanical systems, body work, and ensuring systems meet CPUC and ADA requirements. The scope of work will include preparing the technical specifications, issuing an RFP, conducting a negotiated rehabilitation contract, testing and acceptance of the vehicles and warranty administration.
Purpose and Need:	The purpose of this project is to perform end of life overhaul on the current fleet of Milan and Vintage Cars in order to keep them in service for the next 15-20 years. These vehicles are needed to help provide the 21 hours of daily service for the SFMTA's E-Line and F-Line which carries approximately 20,000 passengers per day.

Fiscal Year of Allocation:	2015/16
Project Information	
Project Name:	Replace Motor Coaches: 30' Motor Coaches (30) , 40' Motor Coaches (211), 60' Motor Coaches (124)
Project Location:	
Project Supervisorial District(s):	
Project Description:	<p>Replace SFMTA's fleet of Diesel Motor Coaches that will have reached retirement age. The SFMTA will utilize a multi-year contract to replace 124 60' motor coaches, 211 40' motor coaches, and 30 30' motor coaches. Options for expansion vehicles that would be funded using sources other than Prop K are also included in this contract. The primary design phase is currently underway, but because of the length of the contract design work may need to be conducted up to the final vehicle procurement in 2019. New components may become available as old components become obsolete over the course of this contract requiring design refinements. The base vehicle quantity in the contract is 48 60' motor coaches. All other vehicles would be procured through options. Exercise of each option requires an additional contract to be agreed upon and may include refinements, such as specific vehicle components or delivery schedule.</p> <p>60' motor coaches will also provide service as part of the Van Ness BRT project.</p>
Purpose and Need:	SFMTA owns 30 30' Motor Coaches; 211 40' Motor Coaches; and 124 Motor Coaches that will have reached the end of their FTA lifespan and will be eligible for retirement over the next five years. These buses have now acquired over 350,000 hard service miles and are in need of immediate replacement. They are already beyond their FTA lifespan. Given that the buses received no mid life rehab and carried heavy passenger loads, they must be replaced as soon as they reach 12 years old and are eligible for FTA replacement dollars.

Fiscal Year of Allocation:	2014/15
Project Information	
Project Name:	Trolley Coach Replacement: 40' Trolley Coaches (175); 60' Trolley Coaches (up to 105)
Project Location:	citywide
Project Supervisorial District(s):	citywide
Project Description:	<p>The SFMTA will utilize a multi-year joint procurement contract with King County Metro to replace 93 60' trolley coaches and 190 40' trolley coaches. The procurement will replace these vehicles with 12 additional 60 ft coaches and 15 fewer 40 ft coaches. The primary design phase is currently underway, but because of the length of the contract, design work may need to be conducted up to the final vehicle procurement. This is because new components may become available as old components become obsolete over the course of the contract requiring design refinements. The base vehicle quantity in the contract is 60 60' trolley coaches. All other vehicles would be procured through options. Exercise of each option requires an additional contract to be agreed upon and may include refinements, such as specific vehicle components or delivery schedule.</p> <p>SFMTA, along with King County Metro, are in contract negotiations with New Flyer Industries regarding the pricing and schedule of the upcoming trolley coach procurements. While the SFMTA anticipates delivery of 60 60' Trolley Coaches to begin in April of 2015, the engineers' estimates for vehicle costs will not be updated until contract terms are finalized in late summer/early fall.</p> <p>The 60' ft trolley coaches will be used to service the Van Ness BRT project once completed.</p>
Purpose and Need:	In accordance with the FTA's assumed service life for trolley coaches, 240 40 ft trolley coaches and 93 60 ft trolley coaches will be eligible for replacement during the next five years.

Fiscal Year of Allocation:	2014/15
Project Information	
Project Name:	Light Rail Vehicle Procurement
Project Location:	citywide
Project Supervisorial District(s):	citywide
Project Description:	<p>On September 9, 2014, the San Francisco Board of Supervisors unanimously approved a 15-year light rail vehicle (LRV) procurement contract with Siemens Industry, Inc., for the SFMTA to purchase up to 260 new LRVs. The base contract is for 175 cars, 151 cars to replace the existing Breda LRVs and 24 additional cars needed for increased service demand for the Central Subway and Mission Bay. The contract also includes two options to acquire up to a total of 85 more LRVs to meet projected future ridership growth and system capacity expansion needs through 2040.</p> <p>Highlights of the project are:</p> <ul style="list-style-type: none"> - The project will grow SFMTA's LRV fleet by more than 70 percent and will help move the Agency forward toward achieving its strategic goal of creating a safer, more efficient and reliable transportation system. - The new vehicles will be purchased at a 20 percent lower cost than the SFMTA projected cost. - The purchase includes all engineering, design, manufacture, test, and warranty of the vehicles together with training, manuals, spare parts and special tools to support the new fleet. - The new cars will be much easier to maintain and reliability will improve from the current level of 5,500 miles between failures to a contractual requirement of 25,000 miles between failures. (The contractor is projecting an even higher level of 59,000 miles between failures). - The proposed vehicle offers safety enhancements such as hydraulic brakes, bright LED lighting and improved driver visibility.
Purpose and Need:	Current Breda LRVs will reach the end of their useful lifespan and must be replaced.

FOOTNOTES:

¹ 5YPP amendment to add new project: Bus and Trolley Targeted Systems Overhaul Program (Res. 10-59, 04.27.10):

\$7,000,000 in funds added to FY 09/10 with a cash flow of 33% in Year 1 and 67% in Year 2.

Reprogrammed \$1.4 million and \$2.6 million respectively in FY 10/11 funds from 30' Hybrid Electric Vehicle deobligation and 40' Hybrid Electric Vehicle deobligation to FY 09/10 for new project. See Note 1.

Additional \$2,000,000 deobligation (#5) from the 40' Hybrid Electric Vehicle Procurement Project, using its FY 09/10 cash flow capacity. (Project originally awarded in FY 04/05, Res. 05-49, Proj. 117.910006.)

² \$486,388 of \$653,532 programmed for Paratransit Accessible Vans in FY 2009/10 was allocated in FY 2011/12 (Res. 12-28, 12.13.11).

³ 5YPP amendment to accommodate new project: NABI Bus Replacement (Res. 13-03, 07.19.2012):

Reduced programming for Motor Coach Replacement - Standard Coach in FY 2009/10 from \$357,334 to \$0.

Reprogram \$45,978 in FY 10/11 funds from the procurement phase of the NABI Bus Replacement project to the design phase.

\$403,312 for the design phase of the NABI Bus Replacement project added to FY 2012/13.

⁴ Part 1 Vehicles 5YPP amendment, including programming of \$40,125,901 in unallocated programming capacity (Res. 13-14, 10.23.2012):

NABI Bus Replacement: Reprogram \$403,312 in de-obligated funds from the design phase of the project to the procurement phase of the 59 40-foot New Flyer Motor Coaches project.
 59 40-foot New Flyer Motor Coaches: Add new project with \$15,936,581 in FY 12/13 funds for procurement (including de-obligated funds noted above) and \$321,224 in FY 13/14 funds for the warranty maintenance phase.

Replace 60 60-foot Trolley Coaches: Add new project with \$103,002 in FY 12/13 funds for the design phase and \$20,765,094 in FY 12/13 funds for the procurement phase.

Replace 50 40-foot Neoplan Motor Coaches: Add new project with \$250,000 in FY 13/14 funds for the design phase and \$1,000,000 in FY 13/14 funds for the procurement phase.

Replace 42 60-foot Neoplan Motor Coaches: Add new project with \$250,000 in FY 13/14 funds for the design phase and \$1,500,000 in FY 13/14 funds for the procurement phase.

⁵ Part 2 Vehicles 5YPP amendment, including programming of \$9,049,707 in unallocated programming capacity, concurrent with Strategic Plan amendment (Res. 13-37, 02.26.2013)

Replace 35 22' Paratransit Vans: Add new project with \$100,000 in FY 12/13 funds for the design phase and \$940,931 in FY 13/14 funds for the procurement phase.

Replace 60 60-foot Trolley Coaches: Reduce programming in FY 12/13 for the design phase from \$103,002 to \$0 and increase programming by \$2,540,358 in FY 13/14 for the procurement phase.

Replace 50 40-foot Neoplan Motor Coaches: Increase programming by \$813,481 in FY 13/14 for the procurement phase.

Replace 42 60-foot Neoplan Motor Coaches: Reduce programming in FY 13/14 for the design phase from \$250,000 to \$0 and reduce programming in FY 13/14 for the procurement phase from \$1,500,000 to \$0.

Replace 26 60-foot Neoplan Motor Coaches: Add new project with \$250,000 in FY 13/14 funds for the design phase and \$6,313,152 in FY 13/14 funds for the procurement phase.

Historic Vehicle Rehabilitation - 16 Ex-SEPTA Cars: Add new project with \$194,787 in FY 13/14 funds for the construction phase.

Finance Neutral Strategic Plan amendment to advance \$3,772,987 in cash flow to FY 13/14.

⁶ 5YPP amendment to add 2013 5YPP Development (Resolution 13-49, 04.23.2013).

Replace 35 22' Paratransit Vans: Reduced programming by \$16,000 in Fiscal Year 2012/13.

2013 5YPP Development: Added project with \$16,000 in Fiscal Year 2012/13 planning funds.

⁷ 5YPP amendment to fully fund Replace 50 40-foot Neoplan Motor Coaches (Resolution 14-20, 09.24.2013):

Replace 60 60-foot Trolley Coaches: Reduce programming in Fiscal Year 2013/14 from \$23,305,452 to \$9,372,893, and reprogram \$13,932,559 in Fiscal Year 2013/14 funds to the subject project.

Replace 50 40-foot Neoplan Motor Coaches: Reprogram \$250,000 in Fiscal Year 2013/14 design funds to the warranty phase (\$230,159) and the procurement phase (\$19,841).

⁸ To accommodate \$700,000 allocation for the design and procurement phases of the Replace 35 22' Paratransit Vans project (Resolution 14-72, 04/22/2014):

Replace 35 22' Paratransit Vans - PS&E was reduced by \$84,000 to \$0, and Replace 35 22' Paratransit Vans - PROC was reduced by \$616,000 to \$324,931.
