SUMMARY		
The Transportation Authority's Investment Policy directs that a review of portfolio compliance be presented quarterly. As year-end closing is just wrapping up, the investment report for the quarter ended June 30, 2018 is presented independently. Following the annual audit, the Basic Financial Statements will be presented to the Board along with the results of the fiscal audit, single audit, and management review. With the issuance of additional debt, a report on quarterly debt expenditures funded by the bond is now included for Board oversight of the debt issuance program.		

DISCUSSION

Background.

Our Investment Policy directs a submittal of portfolio compliance with the Investment Policy at the end of the quarter. Usually, this is presented in conjunction with, and in the context of, a quarterly Internal Accounting Report. However, since fiscal year-end project accruals are still being submitted, the Internal Accounting Report is not available at this time.

As defined by the our Administrative Code and the Debt Policy, the Board shall be responsible for oversight of the debt issuance program for the Transportation Authority. The purpose of the Debt Expenditure Report is to update the Board on quarterly expenditures funded by the Bond issued in the fall of 2017 to ensure debt proceeds are spent within the required period following debt issuance, and to provide transparency and accountability in the expenditure of these debt proceeds.

Investment Report.

Our investment policies and practices are subject to, and limited by, applicable provisions of state law and prudent money management principles. All investable funds are invested in accordance with our Investment Policy and applicable provisions of California Government Code Section 53600 et seq. Any investment of bond proceeds will be further restricted by the provisions of relevant bond documents.

Agenda Item 5

In managing our investment program, we observe the “Prudent Investor” standard as stated in Government Code Section 53600.3. we will act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and our anticipated needs, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs.

The primary objectives for the investment activities, in order of priority, are:

- 1) **Safety.** Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
- 2) **Liquidity.** The investment portfolio will remain sufficiently liquid to enable us to meet its reasonably anticipated cash flow requirements.
- 3) **Return on Investment.** The investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk parameters and the cash flow characteristics of the portfolio.

Permitted investment instruments are specifically listed in our Investment Policy and include the San Francisco City and County Treasury Pool (Treasury Pool), certificates of deposit, and money market funds.

As of June 30, 2018, the Transportation Authority’s bank accounts total to \$43.6 million, excluding the bond proceeds held by US Bank per the terms in debt indenture, and approximately 47 percent of this amount was invested in the City and County of San Francisco Treasury Pool. The remaining funds are held in bank accounts for daily operations. These investments are in compliance with the California Government Code and our Board-adopted Investment Policy and provide sufficient liquidity to meet expenditure requirements. Attachment 1 is the investment report furnished by the Office of the Treasurer and Tax Collector for the period ending on June 30, 2018.

Debt Expenditure Report.

In June 2018, Transportation Authority entered into a new Revolving Credit (loan) Agreement with State Street Public Lending Corporation and US Bank for a total amount of \$140 million for the next 3 years. On June 27th, 2018, we made a payment of \$24 million to further reduce the outstanding balance. As of June 30 2018, the Transportation Authority has \$24.7 million outstanding in the Revolver Loan.

As of June 30, 2018, the cumulative total of Prop K capital expenditures paid with bond proceeds is \$88.1 million. The available balance of remaining bond proceeds to be spent is \$115.9 million. Total earned interest to date from bond proceeds amount to \$1.1 million. More details on these expenditures are included in Attachment 2.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.

The full Investment Policy can be found at <http://www.sftreasurer.org/>, in the Reports & Plans section of the About menu.

Totals may not add due to rounding.
