

ABOUT THIS STUDY

The Tenderloin-Little Saigon Community-Based Transportation Plan

The Greater Tenderloin Community

Study Milestones

- October – Community based organizations (Tenderloin Housing Clinic and Southeast Asian Community Center) join the project team
- November – Convened Technical Advisory Committee (TAC) of city agency representatives and community participants
- Ongoing – Focus groups, stakeholder interviews, attend existing community meetings
- February – Community workshop to identify and prioritize needs
- June – Community workshop to prioritize possible solutions
- August – Develop funding and implementation plans

Study Purpose

- Partner with community-based organizations to conduct community-based transportation planning
- Work with community to identify and prioritize transportation needs
- Work with community to develop plans that can be funded (and implemented) within next few years

Tenderloin-Little Saigon Transportation Study - Roadmap
